NOT OF UNION LABOR LAID BARE.

Cooperate Attack on Los Angeles Inspired by the Tide of Great Industries Turning to Free City, Spelling End of Gompersism; Seiberling's Platform.

TELEGRAM.

Akron, Ohio, Aug. 25, 1919.

The Times, Los Angeles, Cal.

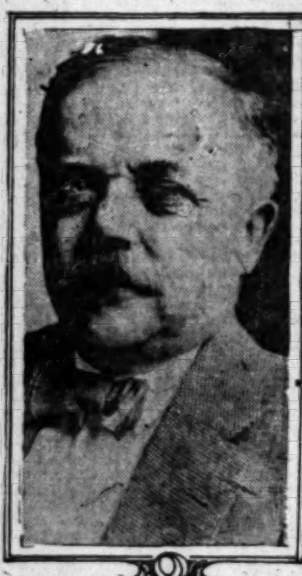

The policy of the Goodyear Tire and Rubber Company in the conduct of its business operation of its factories has always been, is now and will continue to be that of the shop. The Los Angeles factory will be run on that principle or not run at all.

F. A. SEIBERLING,

President, The Goodyear Tire and Rubber Co.

The inwardness of the effort to be made in the American Federation of Labor by Los Angeles by Seiberling and by it to attract this city to accept union labor has come from the henchmen of himself. The existing conditions have arisen in the past few weeks and brought this situation to a crisis and it is a general strike, to be in Labor Day, next and which he expects to direct.

single thing con- sidering the desperation of the situation, the decision of the president of the Goodyear Tire and Rubber Co. to immediately locate one of the greatest plants in America and absolutely upon the edge of the open shop. His declaration of in- dependence above all other enterprises have in Los Angeles as the one of the country where labor alike can be a square deal, where

F. A. Seiberling.

the community stands back of unshackled labor and huge industries are not forever under the Damoclean sword of the strike.

The tide of industries that would be free from unionite domination, headed by the great Goodyear concern, has set toward Los Angeles in such a flood that unionism, at first concerned, became alarmed and finally desperate. If the example of Los Angeles is allowed to continue,

declared Gompers, it will be no time at all until other great cities, in order to hold their industrial interests, will cast off the union yoke. When that starts it will be the end of the American Federation of Labor.

GOMPERS PROGRAMME.

The attack upon Los Angeles was ordered. The opening wedge is the street-railway strike, whose real and single purpose is the unionization of the Pacific Electric, if possible through forcing it under the control of a complainant Federal railway administration. Other strikes were to be fostered and encouraged. A general walkout is to be called which Gompers will run himself. The Goodyear plant and its scores of fellows under the keps of industrial liberty are to be "forced to unionize." Los Angeles is to be made a closed shop town. That is the Gompers programme.

The answer of Los Angeles to this programme was voiced at the Los Angeles Athletic Club Monday when the leading men of the city passed thundering resolutions pledging themselves, their time, their strength and their money to the war for the open shop. The answer of Mr. Seiberling to this programme is printed at the top of this article.

OUR PROGRAMME. Los Angeles has been growing tremendously as an industrial center. Great factories are being built here, and others will be built. The controlling factor in bringing enterprises that will add heavily to the growth and prosperity of the community is that this is a city of free workers. Industrial freedom is an advantage prized by the community and investors, and correspondingly hated by unionite bosses.

The Goodyear Rubber Company has already started the construction of thousands of workers at good wages, and contribute millions of dollars annually to the city's pay roll. Speaking at a Chamber of Commerce meeting July 16 last, Mr. Seiberling was uncompromising in his assertion that his company will maintain the open-shop policy here as it has been, and is now, in Akron.

Telling why Los Angeles was chosen as the location for this great industry, Mr. Seiberling said: "We chose Los Angeles as against any other city on this Coast because we thought there was here not only an adequate supply of water, but an adequate supply of free labor, of free American laboring, that is one of the controlling factors in our decision." The stand of Mr. Seiberling and of other industrial heads whom the union bosses know are planning to locate in Los Angeles because they believe industrial freedom can be maintained here, has driven the unionites to a final back-to-the-wall stand. The prosperity of Los Angeles means their individual downfall, and they know it. So they are the sworn enemies of prosperity for Los Angeles, and plot in secret conferences to stir up strife and agitation here to throttle industries.

Neither Mr. Seiberling, nor other industry heads, nor free workers, are to be bullied by the bending of their necks to insolent demands of outsiders. More power to the stalwart men of Los Angeles who stand for freedom and big pay for the men who work.

TAXPAYERS SUFFER.

County Spends Hundred Daily for Hauling Forced by Strike. As an index to the items of cost incident to the present strike, Chairman Jonathan S. Dodge indicates that the additional cost for delivering cement to the Devil's Gate Dam by truck instead of by train will amount to the sum of \$108 a day. The Board of Supervisors has just made a contract with E. C. Smith to deliver forty tons of cement daily by auto truck, this being the amount needed to continue the present work at Devil's Gate Dam.

FIFTY THOUSAND MORE.

The Board of Public Service Commissioners yesterday adopted a resolution providing for the depositing in the city treasury during the course of the fiscal year, from public service revenues, the sum of \$200,000 to help meet the payments of interest and for the sinking fund of Los Angeles aqueduct and aqueduct power bond issues. This is \$50,000 more than the Board of Public Service Commissioners undertook to pay into the city treasury for this purpose during the last fiscal year.

Settlement of Los Angeles Railway Strike Not in Sight, They Admit.

Members of the Mayor's Board of Mediation in Session Yesterday, and Paul Shoup, Who Appeared Before Them.

Left to right, Henry W. Louis, secretary; Mrs. Mildred T. Green, corresponding secretary; Bishop Cantwell, president; Mayor M. P. Snyder; Dr. Byron W. Wilson; B. Silverwood; Mrs. Francis D. Noel; William Lacy (standing); Paul Shoup, president of the Pacific Electric and vice-president of the Southern Pacific.

YELLOW LINE WALKOUT'S MEDIATION DEADLOCKED

Mayor's Commission Adjourns Awaiting Call When Railway Stands Firm; Snyder to Speak.

Mediation of the yellow car strike ended in a deadlock yesterday afternoon when General Manager G. J. Kuhrt, of the Los Angeles Railway Company, sent a communication to the Mayor's mediation committee stating that the company stands firm in its attitude toward the strikers and will not alter it.

Mayor Snyder's first official step, following the adjournment of the Mediation Committee in deadlock, was to announce to the strike leaders and all members of transportation organizations on the steam lines that he will address them on this industrial subject at a meeting to be held this morning at 11:30 o'clock in Blanchard Hall.

The Mayor stated last night that he intends to meet the strikers as men to man to hear their grievances and to exchange suggestions with them concerning an immediate settlement of the strike.

General Manager Kuhrt's letter to the mediation board was very brief. It stated: "After complete investigation, as requested by you, and mature deliberation on the subject the Los Angeles Railway Corporation feels that it must upon the terms of this communication." The terms upon which the striking employees would be re-employed, referred to in yesterday's communication, were: First: The striking employees must promptly make application to the company's superintendent for employment, which will receive prompt consideration.

Second: The company declares it reserves the right to decline to employ any man who has verbally or physically abused, insulted or assaulted any of its loyal employees or members of their families, or who has by his conduct encouraged such actions.

Third: The company states it has recognized the principle of collective bargaining, as it has been operating for some time past under a collective bargaining organization.

Following the receipt of Kuhrt's statement, Mayor Snyder was asked to meet with the Mediation Committee and a long conference behind closed doors ensued.

ADMIT DEADLOCK. Members of the board stated that a mediation of the yellow car strike had been blocked and that nothing more could be done by the mediation until either the strikers or the railway company adopted more lenient measures in their demands made upon each other. In a report submitted to Mayor Snyder the mediation board stated: "We have carried the work of mediation on between the Los Angeles Railway and their striking employees from step to step until there seems to be only one point of difference, which point is the way the strikers refuse to go back to work. The company offers to receive their individual applications. The employees refuse to go back unless they are taken as a body and given their original status."

The last communication of the Los Angeles Railway Company refuses to recede from their former position.

Announcement was made by the members of the Mediation Committee that the Pacific Electric strike situation will not be considered for a while as it will mean a greater controversy than that of the Los Angeles Railway Company. While the yellow car situation seems to be centered now around the question of the wages, the red car controversy involves the recognition of the union brotherhood.

MR. SHOUP APPEARS.

Paul Shoup, vice-president of the Southern Pacific Railway and head of the Pacific Electric Railway, appeared before the Mediation Committee yesterday at their invitation. Mr. Shoup's visit was a short one, during which he discussed the finances and operations of the Pacific Electric, which he presented as a statement that the local men stand at this time accept the proposals made by the striking employees of that line.

Mayor Snyder instructed Chief of Police George Home to prohibit private automobiles from parking on the east side of Olive street and the west side of Los Angeles street during the strike. This arrangement was made so that the jitney buses now operating from the business section may use these districts as terminals to accept and discharge passengers.

ALL WORK AT SCALE.

Metal Trades Council So Notifies Public Service Board.

The Los Angeles County Metal Trades Council served notice on the Board of Public Service Commissioners yesterday that it would uphold all the local unions affiliated with it in demanding that all work of the public service department be paid for in accordance with the union scale of wages. The communication also stated that this was preliminary to demands which will be made by the local unions, and that similar demands will be made on the City Council.

GASOLINE CRISIS IS PAST.

The gasoline situation, which a few days ago seemed to be verging on a crisis because of the rail tie-up, was said yesterday to be well in hand, with trucks amply meeting the demand within the city and the Standard Oil, Union Oil and others about holding their own in the matter of distribution by truck to outside districts.

C. H. Hamilton, district sales manager for the Standard, which is trucking gasoline from its El Segundo refineries, stated yesterday that the company is supplying 250,000 gallons every twenty-four hours. "The city is well supplied and in the outside districts we are just about holding our own. The public may rest easy now on the score of gasoline," he said.

OFFER REWARD FOR WRECKERS.

Pacific Electric Officials Vote to Pay for Arrests and Convictions.

A reward of \$250 will be paid by the Pacific Electric Railway Company for the arrest and conviction of any striker or strike sympathizer caught damaging company property. This announcement was made last night following a conference of Pacific Electric officials called to devise means of curbing malicious destruction of company property by strikers.

"Willful and malicious physical damage or injury to Pacific Electric property," states the announcement, which will be posted in conspicuous places, is punishable by imprisonment of from one to fourteen years, according to Chapter 188 of the laws of 1919.

The reward will be paid for arrest and conviction of strikers or other radicals who damage Pacific Electric property, whether by throwing stones, cutting wires, derailing cars or in any other way.

SUGGESTS FUND TO REWARD LOYAL MEN.

ALSO EXPRESSES APPRECIATION OF THOSE WHO FED ABANDONED STOCK.

LOS ANGELES, Aug. 26.—[To the Editor of The Times:] I read the boxed article on the first page of Part II of Saturday's Times, entitled: "Something to Think About," and I thought about it. I enclose \$1 and request that it be divided between the four men who made it possible to liberate the 2000 animals abandoned by strikers. The article gave the men's names as W. C. Peterson, Victor Burnham, John Goodfellow and William Jones. I only wish I had enough cash to make a fitting present, but wish to register my appreciation of their humane act and hope other persons may follow my example.

Bury a fund ought to be raised to reward the loyal car men who have made it possible for us to reach our daily work. Telling them to "keep the change" might not happen to benefit all alike.

Hoping the strike is settled right and settled soon. READERS.

The Times acknowledges receipt of this sum and will see that it is devoted to the purpose intended. The Times suggests that this is a good way to show your appreciation of what the loyal transportation men are doing.

TONS OF DECAYED FOOD THROWN IN RIVER HERE.

Systematic Trucking is Resorted to in Relieving the Market Shortage; Fruit Still Rots in Yards.

A systematic effort on the part of local produce companies to relieve the market shortage by trucking, dumping of decayed food into the river bed and free distribution of ripe, but unmarketable fruit to the poor of the city were among developments in the food situation yesterday.

In the new classification yards of the Southern Pacific, tons of spoiled fruit were emptied from the cars. In some instances the cars were thrown open to the public, which carried away all that could be used. In most cases the fruit had been without ice so long that less than 15 per cent. of it could be salvaged. The usable peaches and other fruits were sold to canneries at a substantial loss to the grower, as it was all fancy produce that should have

brought a fair price on the market. The Standard Fruit and Produce Company, a local organization, reported a loss of 15,000 pounds of peaches in one car. This is a loss of more than \$800 on the fruit, plus the unloading cost, which was \$48. The average cost of unloading a car is \$8. This same company reported four cars on the road that cannot be located. In order to save any of the fruit, it was necessary to carry the fruit box by box to small cars and then push these more than a mile, where the boxes were loaded onto trucks. At the edge of the yard they were again transferred to larger trucks and brought to the city.

HALF IS LOST. Several cars of peaches were signed to an out-of-town car. An attempt was made to salvage these by Myra, Darling and Hint.

(Continued on Third Page.)

'And we thought a grand too large!'

THE Grand Piano was the mark of the fine family in the older homes. But, everything in modern life tends toward the miniature, and in the new apartments the Upright piano was substituted for the Grand merely because it fitted into a smaller space. Now, we have the Grandette. Move out your Upright, put in the Grandette, and you will find that you have taken up scarcely an inch more of floor space.

Kranich & Bach Grandette

The Minimized Grand Piano that retains all the tonal qualities of the famous Kranich & Bach Grand, without the sacrifice of the Upright's economy of space and cost.

Just received a carload shipment—the first we have been able to obtain in months.

Easy Terms Arranged. Your used piano accepted in part payment. "Los Angeles' One Price Piano Store"

SOCIETY.

BY VIRGINIA WOODS.

Mrs. Arner to Wed.
Announcement of the engagement of Mrs. Merced Terry Arner to Mr. Russell Mullin is a bit of news of wide interest to society in Southern California. Mrs. Arner, considered one of the most beautiful young women in Los Angeles, is the widow of David Arner, who died soon after their marriage.

Mr. Mullin is the son of J. F. Mullin, now retired, but until recently was the firm of the Montgomery & Mullin Lumber Company. He is a graduate of Polytechnic High and of the University of California and only returned in June from a year and a half's service with the ambulance corps in France. Mrs. Arner is the daughter of Mr. and Mrs. F. H. Terry of 415 West Thirty-first street, and all during the war was engaged in war work, taking an active part in nearly all of the big drives. No date has been set for the marriage.

Bridemaids Named.
Although most of the details for the marriage tomorrow evening at St. John's Church of Miss Evelyn Johnson and Mr. John Brandon Brainer are kept secret, the young couple yesterday gave out the names of their attendants.

Mrs. Leslie Webb is to be her sister's matron of honor. Her bridesmaids are to be Miss Mary Louise Nichols of New York and Misses Rosamond Craig, Louise Ferve and Florence Marsh of this city. Marvin Dowd of San Francisco is to be Mr. Brainer's best man, and the ushers are to be Neil Patterson of Detroit, Henry Knapp of Berkeley, Edgar Miller of Pasadena and Lee Milbank, Charles Coulter, Lloyd Willis and Leslie Webb of Los Angeles. Dr. George Davidson will read the marriage lines at 8:30 o'clock in the presence of a large and fashionable company. Later there is to be a reception at the home of the bride's parents, Dr. and Mrs. Milbank Johnson, for relatives and a few members of the younger set. The couple is to have a three weeks' honeymoon trip, but are not saying where it is to be.

By Mrs. Klamp.
Mrs. Frederick Klamp of Hollywood, who has been at La Jolla all summer, domiciled in a picturesque bungalow down by the sea, is back in town, and on Friday is to entertain a company of friends at luncheon.

Summering at Venice.
Mrs. J. H. Gardner of Denton, Tex., and her daughter, Mrs. Frank Allen Ungles of Des Moines, Iowa, and Mrs. Fred English and daughter, Miss Corlaine English, of St. Louis, are passing the summer at Venice. They were among the battalions Wyoming last Sunday.

Miss Dennen Weds in New York.
News of the marriage in New York of Miss Ruth Dennen, a well-known newspaper girl formerly of this city, to W. C. Garner of New York City, of interest to a large circle of friends. At the beginning of the war Miss Dennen, who is a niece of the

Mrs. Merced Terry Arner.

Whose engagement to Russell Mullin was announced yesterday.

Misses Dennen, heads of the Girls' Collegiate School, went to New York to take over the war work publicity of the women war workers there. It was soon after going there that she met Mr. Garner, who was then leaving for overseas. He has just returned. The wedding took place in the Little Church Around the Corner.

Harrison-Forsner Wedding.
The marriage of Miss Ethelyn Mae Harrison of Los Angeles and Topeka, Kan., to Mr. John Gordon Forsner of this city, has just been announced. The wedding took place at the home of Mrs. Ada Potter Wiseman of Seventh and Locust streets, Long Beach, and was performed by Rev. G. M. Rourke in the presence of a small company of friends.

The bride is a daughter of Col. and Mrs. J. M. Harrison of Topeka, Kan., and is a brilliant young pianist. After a wedding trip to points in Southern California they are now at home at 219 North Western avenue. The bride is well known up and down the Coast, and during the past winter made numerous public

appearances. She is the niece of John H. Harrison, owner and editor of the Commercial News of Danville, Ill.

For Mr. and Mrs. Pomeroy.
Mr. and Mrs. Walter V. Pomeroy were last evening guests of honor at a dinner party at the Submarine Base at the harbor, at which his cousin, Lieut. (Dr.) Earl Pomeroy, was host, entertaining a company of fourteen until war began Dr. Pomeroy was a surgeon of San Francisco, and Mr. Pomeroy have been stationed at Mare Island until recently, he was transferred down here. Mr. and Mrs. Pomeroy have been entertaining extensively for him. Mrs. Pomeroy has recently returned from Catalina.

Engagement Announced.
Announcement of the engagement of Miss Florence Allen of Burlingame and Mr. Fred Holmes, Jr., son of Mr. and Mrs. A. Fred Holmes of 244 South Oxford avenue, was made yesterday by Mr. and Mrs. J. W. Allen, who are here with their daughter, domiciled temporarily at St. Anthony apartments. No date has been set for the marriage.

For Miss Babcock.
Miss Josephine Nell of Pasadena avenue, is entertaining a group of fourteen at dinner this evening in compliment to Miss Lyle Babcock of San Francisco, who is her house guest.

By Mrs. Tyler.
Mrs. W. C. Tyler entertained at an all-day beach party at her summer cottage at Hermosa for members of the committee that has charge with her of the information bureau when the fleet was here. In the group were Mrs. Robert P. Holmes, Mrs. H. Maxson, Mrs. M. H. Pehr, Mrs. Frederick Hickok, Mrs. Lillian Scott, Mrs. A. Barnes, Mrs. Earl Odell, Miss Evelyn Mackson, Miss Patricia Mitchell, Miss Susie Ponder and Miss Kate Lackland.

Returning to Town.
Mr. and Mrs. Marshall Stimson and family, who have been at their country place at Glendora since the first of June, are expected back in town on Sunday. They have passed the time entertaining friends and relatives and enjoying country life.

Here on Honeymoon.
Miss Leah May Rettig, primary supervisor of schools of Tyronne, N. M., and Clarence L. Daly, in charge of the Kinema, who is now in town and formerly principal of the High School at Carlsbad, N. M., were married last Tuesday and are in this city to see friends this week. They will pass their honeymoon at Coronado. Many prominent Carlsbad citizens attended the wedding.

Persons.
Mr. and Mrs. N. H. Peterson of Los Angeles are in New York, guests of the Hotel Chatham, on Vanderbilt avenue.

Mrs. Lydia M. Reed of Gramercy street and Mr. and Mrs. Forest Wright and family are motoring to San Francisco today to be gone several weeks.

Miss Rachel Baker of 551 South Hope street has returned from New York and Atlantic City.

HELEN JEROME EDDY TELLS ABOUT CAREER.
Helen Jerome Eddy, as brilliant on the stage as she is in pictures, inherited her histrionic talent from her grandmother, Mrs. Helen Sullivan Eddy, who, at one time an actress of note, became a teacher of acting and elocution in Bloomington, Ill., and Cleveland, O. As an actress, Mrs. Eddy was a contemporary of Charlotte Cushman. Among her pupils were Margaret Hillington and Rachel Crothers.

"When I was a very little girl," said Miss Eddy, "I lived in Riverside and my grandmother became my teacher in elocution. She had lost her voice, and she could not speak above a whisper—but her whisper was wonderful, dramatic and penetrating, and very easy to hear. To me, of course, it seemed the natural tone of every actress, since I knew no other."

"She would sit and read to me for hours in this whisper, all hours of the day. The 'Raven' proved especially thrilling when recited in this way, and so did Coleridge's 'Rime of the Ancient Mariner,' which she would deliver from beginning to end. I knew no lullabies but dramatic ones, and somehow, interested and enthralled though I was, I always felt carefully asleep after a certain length of time. Oh, she was a wonderful woman, and I owe almost everything I know about the drama to her."

Matinee Today at 2:30. Tonight at 7 and 9:00. Come Early.

Best Show of the Season. Entire bill selected by Alexander Pantages personally. SEE 1919 BOND AND DANCE REVUE. Comedy Sketch "LOTS AND LOTS OF" MYERS & WEAVER. BOB ALBERT. Dainty Dorothy Waters, singing comedienne; Better Brothers, Comedy Acrobats; a Harold Lloyd Comedy Picture, etc., etc.

"Meet Me at Pantages." Broadway at 8th. WINE-WOMEN-ROMANCE-MEN-FORTS-LIFE. THE CRIMSON GARDENIA.

FLASHES.

MARY'S MOVING DAY.

PICKFORD FAMILY NOW RESIDES IN WESTMORELAND.

By Grace Kingsley.

Probably there's nobody much busier these days than Mary Pickford. Not only is she moving her household and personal effects from 55 Fremont place, where she has been dwelling with her mother and her sister, Lottie Pickford, and her small niece, Mary Pickford Rupp, during the past year, to Fairbanks, some Clark residence in Westmoreland place, but is also still working on the plans for her big palatial summer home at Santa Monica. She has leased the Clark place for a year. She hopes to have her summer home completed next spring.

Among the effects Miss Pickford is moving from one house to another is a collection of rare cameras, which she has been gathering, because she says everybody must have a hobby, and here is really one she has always had a taste for, even if it does sound awfully old and staid.

The new Pickford residence has a tennis court on its six acres of ground, and Miss Pickford intends to do a little intensive cultivation of her hobby of playing tennis. "Who knows," she asked yesterday with her little chuckling, whimsical laugh, "but I may turn into a tennis player, and go around proudly with a blistered nose and swollen muscles? At present my playing isn't very wonderful, though, so the champions won't need to begin worrying yet a while. In fact, baby Mary, Lottie's little girl, wields a tennis racket almost as well as I do, just at present."

As if all this were not enough work for one small girl, little Mary is getting ready to start work on production of "Pollyanna" September 16, this being her first production for United Artists Corporation. Her director will be Paul Powell, formerly with Fine Arts, and considered one of the best in the field. He directed Douglas Fairbanks, Marie Doro and others of the former Fine Arts stars, and has some notable successes to his credit.

Fairbanks Puts One Over.
That lively young man, Douglas Fairbanks, just can't be beaten, that's all! Here his recent picture, just completed, was in a fair way to be all tied up on account of lack of transportation, when he had a sudden and brilliant inspiration. "Train" are running eastward from San Francisco, so Mr. Fairbanks directed that the Bradens open for him in last picture be sent by motor to the northern city, and shipped thence to the East. They were so shipped yesterday, and will arrive in New York on schedule time.

Mr. Fairbanks is about to start work on his second United Artists picture, the release date of which is fixed for November 15.

Theda Bara Home Company.
Word is just received from New York that Theda Bara, former Fox star, is in a fascinating fashion all his own in George E. Reed. He is assisted by three pretty girls playing three phases—and you'll like especially looking at the one who wears lights over a thin evening gown, behind whom the stage manager has thoughtfully placed a revealing light.

We feel as if smiling Billy Mason and Alice Forrest belonged to us, and we therefore perfectly delighted to be able to announce that their act, accurately named "The T. N. T. of Vaudeville," is a thoroughly charming affair, characterized by all the cleverness and good looks for which the pair is locally famous. The act works as smoothly as a wheel in an oil groove. We predict these two are going to be mighty favorites, and that they will be grabbed for production in New York if the vaudeville people don't watch out.

Lillian Todd, who, I understand, is just opening her act, has a nice voice and a pleasing manner. The Bradens open for her in a unique comic acrobatic and dancing act, and the hold-overs include Milt, Nadie, the Chinese Band and Murphy and White, and Oliver and Oip in "Discontent."

MUSICAL COMEDY ON PANTAGES BILL.
The 1919 Song and Dance Revue, headliner at Pantages, holds its own as a delightful and amusing attraction this evening. The revue is a real musical comedy, with three amusing people, and a pleasing chorus. Some of the costumes are bizarre and White, and Murphy and Toots McConnell vie with Ford Herndon in intricate and eccentric dancing, while Herndon's singing is the feature of the musical part of the show.

Myers and Weaver, as "Arkansas Travelers," really stopped the show with their ludicrous "rube" dances and singing, accompanied on occasion by a bawdy pitchfork and a hand saw. They were recalled several times.

"Oklahoma Bob" Albright sings and talks good stories; the comedy sketch, "Lots and Lots of It," by Joe Morris, is a real gem of a situation; dainty little Dorothy Waters is a cute child entertainer; Retter Brothers are high-speed comedians.

A Harold Lloyd comedy picture rounds out the bill.

BRIEFS.
NEW FARRAR FILM.
"WORLD AND ITS WOMEN" TO HAVE PREMIERE.
By Edwin Schallert.

After several weeks of darkness Cinema Auditorium is to reopen next Monday with the presentation of the new Geraldine Farrar photodrama, "The World and Its Women," written by Thompson Buchanan. The story is laid in Petrograd and the surrounding unrest of Russia as its background. The heroine is a young American girl, the protégée of a Russian prince, through whose generosity she is trained for an operatic career. She is beset by intrigue that menaces even her life, but finally reaches safety and happiness in some of the scenes of the play 2000 extras are said to have been used. The cast supporting Miss Farrar is headed by Lou Tellegen.

Ruth St. Denis is playing an extra week on the Pantages circuit because of the failure of train service. She takes the place of the Singer's Midgerts at San Diego. Yes, it's true the St. Denis company was not loaded down with costumes, and could therefore travel by automobiles.

It has been a different story with the props of the Midgerts, because the elephants are not inclined to crave the luxury of a limousine. They even

ORPHEUM PEOPLE SPARKLE CHEERILY.
A really sparkling bill, light and frothy, of just the right degree of cheerfulness to make you forget heat and stickiness, is on view at the Orpheum. The bill features Harry Watson, Jr.'s characterization of "The Young Kid Battling Dugan," and if on the other hand you are a sophisticated fan, you will probably yell gloriously at Watson's pug mugging and mannerisms. Two scenes make up his act—the

IN "EASY" TO "MAKE" MONEY.

New Lytell Feature at the Hippodrome.

Gertrude Selby.

first being troubles in a telephone booth, which strike a popular chord and get a lot of laughs. Telephone troubles are always so funny—

A nifty lad who puts over those "hypnotism," "mesmerism," "rag all his own in George E. Reed. He is assisted by three pretty girls playing three phases—and you'll like especially looking at the one who wears lights over a thin evening gown, behind whom the stage manager has thoughtfully placed a revealing light.

After several weeks of darkness Cinema Auditorium is to reopen next Monday with the presentation of the new Geraldine Farrar photodrama, "The World and Its Women," written by Thompson Buchanan. The story is laid in Petrograd and the surrounding unrest of Russia as its background. The heroine is a young American girl, the protégée of a Russian prince, through whose generosity she is trained for an operatic career. She is beset by intrigue that menaces even her life, but finally reaches safety and happiness in some of the scenes of the play 2000 extras are said to have been used. The cast supporting Miss Farrar is headed by Lou Tellegen.

Ruth St. Denis is playing an extra week on the Pantages circuit because of the failure of train service. She takes the place of the Singer's Midgerts at San Diego. Yes, it's true the St. Denis company was not loaded down with costumes, and could therefore travel by automobiles.

It has been a different story with the props of the Midgerts, because the elephants are not inclined to crave the luxury of a limousine. They even

ORPHEUM PEOPLE SPARKLE CHEERILY.
A really sparkling bill, light and frothy, of just the right degree of cheerfulness to make you forget heat and stickiness, is on view at the Orpheum. The bill features Harry Watson, Jr.'s characterization of "The Young Kid Battling Dugan," and if on the other hand you are a sophisticated fan, you will probably yell gloriously at Watson's pug mugging and mannerisms. Two scenes make up his act—the

first being troubles in a telephone booth, which strike a popular chord and get a lot of laughs. Telephone troubles are always so funny—

A nifty lad who puts over those "hypnotism," "mesmerism," "rag all his own in George E. Reed. He is assisted by three pretty girls playing three phases—and you'll like especially looking at the one who wears lights over a thin evening gown, behind whom the stage manager has thoughtfully placed a revealing light.

We feel as if smiling Billy Mason and Alice Forrest belonged to us, and we therefore perfectly delighted to be able to announce that their act, accurately named "The T. N. T. of Vaudeville," is a thoroughly charming affair, characterized by all the cleverness and good looks for which the pair is locally famous. The act works as smoothly as a wheel in an oil groove. We predict these two are going to be mighty favorites, and that they will be grabbed for production in New York if the vaudeville people don't watch out.

Lillian Todd, who, I understand, is just opening her act, has a nice voice and a pleasing manner. The Bradens open for her in a unique comic acrobatic and dancing act, and the hold-overs include Milt, Nadie, the Chinese Band and Murphy and White, and Oliver and Oip in "Discontent."

MUSICAL COMEDY ON PANTAGES BILL.
The 1919 Song and Dance Revue, headliner at Pantages, holds its own as a delightful and amusing attraction this evening. The revue is a real musical comedy, with three amusing people, and a pleasing chorus. Some of the costumes are bizarre and White, and Murphy and Toots McConnell vie with Ford Herndon in intricate and eccentric dancing, while Herndon's singing is the feature of the musical part of the show.

Announcement

In view of the freight situation, these suggestions may prove timely.

Do not over-buy, nor hoard food, for that in itself will bring about the very thing that must be avoided—a food scarcity.

Confine your purchases of food supplies to meet your daily requirements.

There is no scarcity of food, nor is there likely to be.

And it will be the Acme policy to sell every dollar's worth of merchandise in our possession at prices ruling today; to do everything in our power to protect patrons from any further increases in the cost of food.

In carrying out this policy, we feel sure that we are doing what ninety in every hundred grocers here will do. The retail grocers of Los Angeles are not profiteers.

OUR BUYERS SEE
PARIS STYLES.

Brown is in Vogue; American
Women's Ankles Prettiest.

Tight-Fitting Suits will be
Much in Demand this Fall.

Backless Dinner Gown is De-
creed from Fashion Center.

Word from Paris received recently says that the former fashion capital of the world is having its first real display of styles since the war began, attended by about 300 American buyers, who, however, are showing themselves to be more independent of the dictates of French dressmakers than ever before.

Brown, according to the new models, is again in marked favor. Soft materials are used generally, and flounces, panniers and the design of the new models tend toward the strictly feminine appearance. There is not the slightest suggestion of the masculine, tailor-made effects of the past.

Paris is clinging to skirts hanging seven to eight inches from the ground. American buyers, the dressmakers say, are criticizing the shortness of the gowns, although admitting that American skirts have been too long. It is likely American women will be offered compromises in length. One of the prominent American buyers said today that "no well-formed woman looks well in a really long skirt and it cannot be graceful," but he laughed at a dressmaker's suggestion that Americans want long skirts because American women do not have pretty ankles.

HAVE PRETTIEST ANKLES.
"American women have the prettiest ankles and feet in the world," the buyer replied, "and they also are the best shod, but they realize that the extremely short skirts are ridiculous, and they believe in moderation."

Although the Americans designed their own styles to a great extent during the war, they apparently are finding much that is new and interesting in the Paris display rooms, although viewing things from a newly independent point of view. Passport difficulties, it was said, kept the number of American buyers from being much larger. The buyers have been busy all this week viewing the new models, and they will continue to attend displays next week, when some of the most important firms will show their winter styles.

Although brown seems to be the prevailing color, the buyers say, and is shown in scores of various shades—brick, terra cotta and burnt biscuit—there also are shown soft shades of gray, raven blue, tete-negre and more.

TIGHT-FITTING SUITS.
The styles generally show a slight fullness on the hips in the form of soft panniers, with pleats and accented pleats. Pleats are applied in such a way as to preserve the outline of the figure and the straight hem of the skirt. Collars are high in many cases, and if cut open are adjusted so they may be buttoned close to the throat.

Wool embroideries, sat paillettes and metallic ribbons of a leather-like texture form the trimmings for afternoon frocks, the majority of which are made with coats to match. These coats are trimmed with such fur as mouton, mole, monkey, kolinsky, muskrat and skunk. All materials are soft, and where sources are introduced they are set on linings of chiffon to insure supple lines. Velvet, soft serge, veur de laine, chiffon and plush are used with great effectiveness in gowns and costumes.

Coats with afternoon costumes come just below the hips and follow Dick Turpin lines by means of a circle or gauging. Skirts are narrow at the feet, giving a peg-top suggestion. Fur collars reach to the eyes.

BACKLESS DINNER GOWNS.
American buyers say they are having almost a battle with Parisian dressmakers over the backless evening gowns being offered, which the Americans are insisting on having filled in with lace, to the amazement of the French designers, who protest that women should be allowed to display their well-formed backs.

Soft net, tulle and lace are used extensively over chamois and chiffon for evening gowns, and trimmings of gold threads, paillettes, jet, silver tissue, chenille and plush are much used. The plush in these trimmings is worked up to represent soft fur. Black and gold, raven blue and mole cinnamon are the prevailing tones for evening gowns, but deli-

ALL IN A PICKLE.

Enter Your Best Recipes in Times Contest.

Such delightfully spicy fragrance floats from the kitchens these days! The pungent odor of chili sauce, the tempting whiffs from the spiced peaches and pears! Housewives are busy with jellies and jams, with preserves and pickles. Every family has some cherished recipe; it may be Aunt Emma's Spanish Pickle, or Grandmother's Watermelon Preserves, but it's sure to be such an appetizing relish or sweet that everyone will want to learn the recipe.

The great Times family is eager to learn some new and different way of preparing the fall fruits, and so many who are newcomers to California and unfamiliar with all the wonderful possibilities of loquats and guavas, of rosellas and figs would be happy to have some tried and tested recipe for the jellies and marmalades that are so delicious made from them. Will you not share that favorite recipe of yours for jelly or preserves, jam or marmalade, chili sauce, pickled figs, tomato relish, any of these delectable dishes which will add such relish to next winter's meals—and undoubtedly your recipe will be added to these now carefully cherished in many a cook book.

The Times offers prizes of \$5, \$2 and \$1 for the best recipes. Send yours right now so that it will reach the editor of The Times Domestic Page not later than Saturday morning. Please write on only one side of the paper and be sure to include your name and address.

SUMMER GINGERBREADS.

To make good gingerbread the molasses, milk and shortening are usually heated, then cooled before the flour is added. It should always be baked in shallow pans in a slow oven. If baked too quickly it will burn around the edges and be soft and heavy in the center.

A fine recipe without eggs is made with hot water. Mix and sift together half cup of molasses and one-half cup of sugar. Add four cups of flour, a teaspoonful of soda, one and one-half teaspoonfuls of ginger and half teaspoonful of salt. Pour a half cup of boiling water over a cup of molasses and combine the two mixtures. Add four tablespoonfuls of shortening and bake in a moderate oven. When it is done brush over the top, while hot, with melted butter and sprinkle with sugar.

A very good recipe calls for molasses and brown sugar. Beat two eggs until light, add a cup of brown sugar, a half cup of milk, a cup of molasses and a cup of flour. Add a half cup of shortening, one cup of molasses and a teaspoonful of soda. Add four cups of flour and add to mixture. A very delicious dessert to serve with a light summer dinner can be made with this recipe. Cook apples, cut in thick slices, in a sugar syrup until nearly tender. Drain, cover the bottom of a baking pan with molasses and pour the apples on top.

Season well with salt, pepper (and minced green peppers, if desired.) Cook as plain omelet.

Some use corn from can or cob uncrated.

And here are two recipes for which either canned or fresh corn may be used. Anyone who is fond of soup will be sure to especially relish.

CORN CHOWDER.

1 1/2-inch cube fat salt pork.
1 sliced onion.
1 cup potatoes cut in inch slices.
1 can corn.
4 cups milk.
Salt and pepper.
1 tablespoon butter.
8 crackers.

Cut pork in small pieces to fry out, add onion, strain fat into stew pan. Parboil potatoes five minutes in boiling water and add potatoes to fat. Then add two cups of boiling water and cook until potatoes are soft. Add corn and milk, then heat to boiling point. Season with salt and pepper; add butter and crackers. Split and soaked in enough cold milk to moisten. Put chowder in tureen, and put crackers on top.

—Lola Abbott, Rialto, Cal. Route A, box 124.

Mrs. Allen sends us a good meat substitute in her recipe for

SCALLOPED CORN.

1 can of corn, or an equal amount of corn cut from the cob.
2 eggs.
2 tablespoons butter.
1 1/2 cup bread crumbs.
2 1/2 cups milk.
1 teaspoon salt.
1/4 teaspoon pepper.

Beat the eggs separately. Chop the corn. Pour the butter over the bread crumbs, then mix all together. Bake forty minutes in a well-buttered casserole.

If the corn is old, split the kernels on the cob with a sharp knife and scrape out the pulp with the back of the knife. This is an excellent way to use corn that is too hard to eat. Left over corn can also be used in this way.—Ida M. Allen, 811 South Bonnie Brae street.

Blouses for Fall Wear.

Among the very smart blouses now being brought out for fall weather were straight overblouses made of soft panne velvet in suit shades. Many of these are just about hip length and finished at the edge with wide bands of embroidery in contrasting colors. Some are drawn in at the waist with cord or other girdles, while many hang perfectly straight and smocklike.

Sheer fabrics such as net and Georgette in dark shades made up over white are decidedly popular fancies with many of the best designers.

Fur is used as a trimming on blouses of satin, velvet and the very sheer fabric also.

PACKING AWAY YOUR SUMMER CLOTHES.

In putting away white or wash garments, many persons make the mistake of storing them while slightly soiled or of having them washed, starched and ironed. Either plan is a mistake. The dirt will be much harder to remove if it has remained in the fabric for several months. A starched garment unused for some time has a tendency to turn yellow and will need bleaching as well as rewashing. The best way for all wash dresses is to have them washed clean, dried thoroughly and put them away unstarched and unironed. When the spring days come a rinsing will make them ready for starching and ironing.

Additional matter pertaining to domestic topics will be found on Page 11 of this section.

TRIPLETS FOR LOS ANGELES

AND FOR

PIGGLY WIGGLY

1st Store, 219 West Third Street. 2nd Store, Grand Central Public Market Basement. 3rd Store, 632 South Spring

TODAY PIGGLY WIGGLY Triplets Will Be Born on the Same Day **TODAY**

A Large Carry-all Bag Free with Each Purchase

Same Bag You Are Now Paying 10c for

See Our Third Street Store First

Whether One Buys or Whether One Merely Looks—In Either Case it is Entirely All Right with Piggly Wiggly. The Piggly Wiggly Triplets will be Born in Los Angeles at 8 A. M. Wednesday, August 27th

There are no secrets about the Piggly Wiggly organization, therefore each man and woman who visits the Piggly Wiggly store can know in advance of coming that such a store has been built especially for them, whether they happen to be rich or poor, wise or not so wise.

A dollar in the hands of a person who has only one dollar will obtain a full dollar's worth at Piggly Wiggly prices, and that is all that can be obtained by the rich man's dollar.

Open at 8 o'clock Wednesday Morning

Come and get a carry-all bag and see for yourself that a Piggly Wiggly store is different from any store in the world—that it looks different—that the system is different—that the prices are lower—that the assortment of food products is greater—that the orderly arrangement of the entire store makes it possible to have an absolutely clean store.

Food products of a variety, including fresh fruits and vegetables, of more than one thousand items, each item priced by a swinging price tag.

Nationally known advertised brands of a most comprehensive assortment is the class of merchandise to be found in every Piggly Wiggly store.

A basket is loaned for use while in the store. All packages are wrapped at the checking counter.

The operating cost of Piggly Wiggly stores is the lowest of any heretofore known method of retail distribution. This saving in operating cost is given to the consumer, affording prices in which are savings that cannot be obtained elsewhere.

Come Wednesday and look at a store that is absolutely clean—that is methodical in every detail—a store that looks different from any store in the world—a store that by its very looks impresses visitors with a picture they cannot forget.

And, when you come to see and investigate the truth of this advertisement, you will not be asked to buy and you will not be criticised for not buying.

You can look and be at home in this store and go through its four separate aisles upon a tour of inspection as to the merchandise, as to its cleanliness, and as to the prices.

If you see something that you want to buy of your own free will that you can exercise without argument with anyone, without persuasion from anyone, without intimation from anyone, without suggestion from anyone, without mental contact whatsoever with anyone—if you want

to make a purchase voluntarily—we, of course, will be glad to have you as a customer.

The main thing, however, that we want everybody to know is, that it is desired to have Los Angeles women and Los Angeles men come and look at these wonderful stores—we will be satisfied with their judgment of our claim that Los Angeles will have a saving in her food bill that will go into thousands of dollars by cashing in on the opportunity afforded by Piggly Wiggly stores.

Piggly Wiggly stores are a national affair with each city and town unit co-operating with all other town units toward a lower cost in operation and with ability to make lower prices.

TODAY IS THE DAY FOR THE LOS ANGELES TRIPLETS—THE PIGGLY WIGGLY—TO BE BORN

1000 FEET DEEP
IN PULLMAN WELL.PREPARING TO DRILL
ON THE DESDE-
MONA TRACT.

(SPECIAL DISPATCH.)

LAO, Aug. 25.—The Pullman Refining Company's number 1, Daniel well in the Desdemona tract, was standing in oil at 9:30 o'clock this morning with the well completed, and to announcement at the time that the exact depth of the well cannot be ascertained at this time, but it looks like the well is one of the biggest wells in the Pullman on this well field, for \$700 worth of stock in company.

COOL DRINKS.

There are many delicious cold drinks that make a welcome addition to the hot weather luncheon or tea table.

Have you ever tried ginger ale and lime? Squeeze the juice of two limes into the contents of one bottle of ginger ale and serve very cold. It is delicious.

If you have a profusion of fruit in summer you can make the fruit syrups at home. Cook a quart of fresh fruit with a pint of water until the fruit is well softened, then strain and press, pour the fruit through a heavy cloth. When this is cold sweeten to taste and serve in glasses with cracked ice and plain or charged water.

A cold tea punch is a delightful innovation and the following is a concoction that is puzzling to recognize: Add two cups of orange juice to a strong lemonade, sweeten and add to it half the quantity of cold tea.

For those who like the taste of sour milk, as in buttermilk, a healthful and refreshing summer drink is made of milk that has soured but is not yet sour enough to be used for a froth with an egg beater and iced.

NEW WAYS TO SERVE
THE FRIENDLY SPUD.

"Meat and potatoes" is the standard menu for many a meal—but the thrifty housewife who serves potatoes in any of these unusual ways suggested by our readers can save the price of the meat for it won't be needed with such satisfactory results. Mrs. Douglas A. Reed sends us in:

THE DISH OF KERN.
For a family of six, prepare the following amount:

Split six large sweet green peppers and scoop out seeds; plunge into boiling water and cook fifteen minutes, drain and place in baking pan and fill with mashed potato, seasoned with salt, pepper and a half pound of cream cheese, cut fine. Over the top grate the harder part of cheese, drizzle with bits of butter and bake thirty minutes; just before serving sprinkle over top minced parsley. This dish has more food value than most and also takes the place of a side dish, forming a well-balanced, attractive meal.

MRS. DOUGLAS A. REED,
1331 Gardner Street, Hollywood.

Or who would miss meat with a meal when served with:

POTATO AND CARROT LOAF.
To one cup mashed potato add one cup mashed carrot, salt, pepper, two well beaten eggs, one cup bread crumbs, enough milk to form stiff paste, mix all together, pour into buttered tin, place few pieces of butter over top, bake in hot oven until brown. For baking pour a cup of hot water into one tablespoon of butter into the pan, when set to bake.

The sauce left in the pan should be slightly thickened and poured around the loaf when served.

MRS. P. N. ELKINS,
2117 East First Street, Los Angeles.

And baked potatoes become a delight to the eye as well as the palate when served as Miss Dewey suggests in her recipe for:

BAKED STUFFED POTATOES.
Bake good size potatoes, when done very carefully scoop out of skin cutting a slice from the potato lengthwise, not from the top, and place the shells until cool. Fill with a mixture of cream, salt, pepper, finely cut parsley, butter, cream, and grated cheese; when soft and creamy, fill potato shells, or skins and brown in oven, serve hot.

Miss Dewey also sends in an unusually appetizing recipe for creamed potatoes which she calls:

PALACE HOTEL POTATOES.
Bake good size potatoes and when done, place on a cloth and cover up to cool; when cool, handle, pare and cut potatoes in small squares, and have ready a cream sauce, made by placing a piece of butter in a sauce pan, adding a teaspoonful of flour, and salt to taste, and cream together; when smooth, add your real cream and make a good cream sauce; put in potatoes, and when well covered serve hot.

MRS. JESSIE B. DEWEY,
619 South Bonnie Brae, Los Angeles.

And anyone who will prepare potatoes as suggested by Mrs. McGowan will find that a meal in itself is:

POTATOES WITH PIMENTOS.
Boil enough potatoes for four people, mash, add one or two hot boiled eggs, one medium onion sliced, two tablespoons each of vinegar and olive oil, add enough pimentos to suit taste, also salt and pepper, a little celery salt may be added. Serve hot.

MRS. A. P. MCGOWAN,
4548 Melbourne avenue.

AUTUMN HATS TO BE
SIMPLE IN DESIGN.

(SPECIAL CORRESPONDENCE.)

NEW YORK, Aug. 26.—There was a strong tendency toward simplicity at the autumn promenade of the Retail Millinery Association of America, which was held at the Hotel Astor. The show was the most elaborate that has been given by the association.

France and America, vied with each other in the displays, and the designers from both countries appear to have had the inspiration simultaneously to turn to the Oriental artists of the olden days for suggestions—only suggestions—for the ideas are cleverly concealed under the cloak of simplicity.

There were large hats, small hats and medium sized ones, but in no case were they extreme, and the chief tendency seemed to be toward irregularity. This was particularly true of the picture hats.

Feathers were much used as trimming, but were never permitted to rise above the crown of the hat, and in most cases dropped off the brim well over the shoulder. The toques were rich in hand brocade, and the most unusual trimmings of the street hat was an ornament made of monkey fur rising eight or nine inches at the front of the crown. The greatest surprise was in headgear for evening. The designers agree that the woman must have her head well covered, and wide bands of tulle or tinsel finished with birds of paradise were shown, most of them with a filmy crown. The stock-infirm crasse now sweeping Paris was introduced at the show, but did not cause much of a stir.

NEW AND TEMPTING
EXPERIMENT DISHES.

RAOULT OF VEGETABLES.
Parboil 1 carrot, 1 turnip, 2 potatoes, 2 ears of corn, 1 cup lima beans, 1 onion, cup fine, 1 cup peas, 1 cup green beans, 1 cup corn, 1 cup water, and lay aside the pork. Slice carrots, turnips and potatoes. Boil in water with a cup of some good meat soup. Season well, cut the corn from the cob and add to the beans and peas and sliced tomatoes as soon as the peas are hot. Stew all together 1-2 hour. Stir in a lump of butter rolled in flour. Stew five minutes and serve in a deep dish—Lola Abbott, Rialto, Cal.

SCALLOPED SWEET POTATO.
Boil as many sweet potatoes as you wish to use. Put a thick sprinkling of sugar in the bottom of a deep, buttered baking pan, dot with butter, place the sliced, boiled sweet potatoes about an inch thick, sprinkle with sugar, bits of butter and some salt. Sprinkle with butter, repeat until within an inch of top of pan, then fill with hot water until it covers the potatoes. Bake in a hot oven, Mrs. L. A. Arensfield, Los Angeles.

If fond of onion, try ONION PIE.
Not a dessert, but a meat accompaniment, or as used by us during the war, a meat substitute.

Butter.
Onions, sliced thin.
Line a shallow baking pan with pastry, rolled as for ordinary pie. Put in a layer of onions, sliced very thin. Cover with a layer of butter. Season with salt and a little pepper. Repeat until pan is full, then cover with upper crust. Bake in hot oven until onions are tender. Do not make the mistake of adding water or milk.

This has been a favorite dish in my home for many years.—Mrs. Dorothy B. Polve, 2355 East 4th Street, Long Beach, Cal.

The garden catalogues this spring were filled with alluring pictures of the prolific chrysanthemum. It has become as abundant in market as the pictures of the yield of one vine would imply, all of our readers will be interested in this recipe for preparing it.

STUFFED "CHAYOTE".
Wash medium sized "chayote" or scallops, scoop out the centers, leaving a shell about half-inch in thickness, put these with the dried centers into boiling salted water; cook until tender, drain, remove and remove from the water. Cook the cut up portions until tender enough to be mashed. Take from the shells and mix with a piece of bacon which has been minced and fried lightly, a little salt and pepper, an egg if you wish, and a dash of onion. Fill the shells with the mixture and bake in moderate oven. Serve garnished with parsley.

Egg plant.
Same way or after cooking the pulp, chopping, mixing with the other ingredients it may be shaped into patties, rolled in crumbs and fried in deep fat or in drippings in a skillet.—C. A. F. MacQuaid, 3443 5th avenue, Los Angeles.

FOR HOME KNITTERS.
Now that there is no longer a demand for knitted socks and mufflers and sweaters, we might keep our fingers in practice and revert to the economies of making a home knit towel, such as our ancestors made and used. With Turkish towels, selling around a dollar apiece, there might be good economy in making home-made towels, the directions for making them being the ones our great-grandmothers used, being copied from a Godey's Magazine, dated 1850.

"Buy or spin a few skeins or balls of heavy cotton yarn. No. 4 or 5, well, but finer can be used if desired. Cast sixty-five or seventy stitches on long needles; knit plain stock as far as you wish to have it desired length.

"A pretty colored border can be knit in if you wish to have it quite fancy; blue or pink or yellow, or all three in stripes make a real pretty border. Heavy lace can be crocheted on each end if preferred. These towels if well knit of good yarn will last for years used for a bath towel. Do not knit too tightly."

FRESH FIGS AND HOW
TO PREPARE THEM.
One of our subscribers asks that we print some recipes for caring for figs. Last week we printed Mrs. Klein's recipe for most delicious candied figs. Figs prepared according to that recipe will keep indefinitely and, packed in attractive boxes, make inexpensive and delightful gifts.

The common, easy way of preparing figs, when we do not wish to use figs in a cake, is to wash them and to place them in cold water over night, using a pint of water to a pound of figs. Next morning the figs—in the same water—are allowed to come slowly to a boil, and when tender half the quantity of sugar as juice is added, and the whole cooked down until the syrup is thick. Then the figs can be served with their own syrup or topped with whipped cream.

An even simpler way is to bake the figs just as one bakes bananas. Fresh figs are washed in an earthen baking dish, sprinkled with sugar and either lemon, orange or pineapple juice, and allowed to bake slowly.

LAUNDRY HELPS.
You'll find the laundry work easier if you have a place for all your supplies close to the tub. Only the most modern homes have the built-in cabinets, but a handy woman can easily make a convenient cabinet from starch boxes set one on top of another. You'll have a place for soap and soap jelly, Javelle water and oxalic acid for stains, soap powder, washing soda and ammonia. Fresh figs are washed in an earthen baking dish, sprinkled with sugar and either lemon, orange or pineapple juice, and allowed to bake slowly.

HERE IS A NEW WAY
TO SERVE CORN.

Doesn't this sound nice and "crispy" and bring recollections of those wonderful "corn roasts" in early autumn "back East"?

BROWNED CORN ON COB.
Roll corn as usual. When tender spread with butter or Crisco, and stir in oven until browned nicely; turning frequently.—Mrs. R. I. Albright, 657 E. 41st street, Los Angeles.

Mrs. Albright also sends us an unusual recipe for preparing beets, and one which would be delicious served with her browned corn.

STUFFED BEETS.
6 medium-sized beets.
1 small tin of sardines.
1 small onion chopped fine.
Cook the beets until tender, skin and when cool scoop out centers. Mix with chopped onion and minced sardines. Season with little lemon juice. Return to the beet centers and serve on lettuce leaves. Can also be used as salad by adding mayonnaise dressing.

WANT SOMETHING
DIFFERENT? HERE.

FRIED CUCUMBERS (MOCK OYSTERS).
Peel and slice cucumbers about one-fourth inch thick. Sprinkle with salt and pile one above the other with weight on them. Let stand for an hour, then drain off juice. Take an egg, beat until the white and yolk are well blended, then add two tablespoonsful of water. Dip cucumber in egg mixture, then in bread or cracker crumbs. Shake on each side. Serve with slices of lemon. This may be used as a vegetable or as a substitute for fried oysters.

RAW CARROT SALAD.
Wash and scrape carrots, then run through food grinder. Add sugar, salt and lemon juice to taste (about one teaspoonful each of salt and sugar and enough lemon juice to moisten, to each pint of carrot). Form mound of carrot on a lettuce leaf or on shredded lettuce. Top with mayonnaise or boiled dressing.—Mildred Wardall, 410 E. Orange avenue, Menlo Park, Cal.

DIFFERENT WAYS
TO COOK EGG PLANT.

Eggplant on Casserole.
Slice 1 large eggplant into thin slices; also slice quite thin 3 small onions, 2 garlic cloves, 3 tomatoes, and 1 green pepper. Arrange the slices alternately in a buttered casserole, seasoning each layer with salt and pepper. Add 4 tablespoons of melted butter and cover. Cook over a slow fire or in a moderate oven until eggplant is tender. Serve hot or cold as desired. Mary B. Townsend, 4217 Tucua street, Hollywood.

Eggplant A La Italiane.
Take 2 good-sized eggplants, boil as they are for ten minutes, then remove the skin and cut in thin round slices, dip them in beaten egg, then in white flour and fry in lard until they are yellow and crisp. They will appear at first like fritters. This makes an excellent and appetizing dish. Mrs. Corle, 1971 Orange street.

Spanish Eggplant.
Peel and slice the eggplant very thin, place it in a deep bake dish, sprinkle with salt and add one cup of cream or milk. Place a layer of

DIVORCE STIRS
SOCIETY CIRCLES.

ONTARIO PHYSICIAN SAYS
TALENTED WIFE IS CRUEL
TO HIM.

(LOCAL CORRESPONDENCE.)
ONTARIO, Aug. 26.—Gay parties in his home at 317 North Euclid avenue, which held forth well into the morning, even when he himself was ill in bed, the promiscuous entertaining of persons to whom he has voiced repeated objection, and constant neglect of his home and minor children, were among the instances recited today by Dr. C. Ben Henke, prominent Ontario physician and surgeon, in filing suit for divorce against Rhea Henke, well-known soprano singer.

The divorce is sought on grounds of cruelty. Filing of the action caused a stir in professional and musical circles.

Mrs. Henke is a strikingly handsome woman of the Titian blonde type and is well known on the concert stage. She was formerly in grand opera.

Accompanied by her daughter by a former marriage, Mrs. Henke left today, giving Portland, Or., the home of her father, as her final destination.

Attorneys Archie D. Mitchell and Lester G. King represent Dr. Henke in his divorce action.

FOR SAN DIMAS DAM.
The members of the Board of Supervisors went to San Dimas Canyon yesterday to inspect the work of building check-dams at the mouth of the canyon. The county engineers were unable to locate bed rock in the canyon, and plans may have to be changed to suit conditions.

AIDS SALMON'S WIFE.
Eugene Hill, while stationed at the submarine base, San Pedro, devoted a great deal of his spare time at dance halls, according to his wife, Marguerite E. Hill, instead of passing his leaves of absence with her. Yesterday in Judge Myers' court she was awarded \$10 a month alimony until her suit for separate maintenance is heard.

DIES IN YOSEMITE.
Fullerton Resident Stricken With Paralysis as She Leaves for Home.

(LOCAL CORRESPONDENCE.)
FULLERTON, Aug. 25.—Mrs. Friederike Hiltcher, aged 68, and a well known resident of West Orange-thorpe avenue, Fullerton, since 1888, died Sunday night in the Yosemite Valley. She was stricken with paralysis as she was leaving the valley in a stage. She was taken to a hospital there, but never regained consciousness.

Mrs. Hiltcher was a member of the Eastern Star, Rebekah lodge and Presbyterian church.

SAYS HE IS BROKE.
In Judge Myers' court yesterday Charles A. McDonald, a railroad man, who said he had always received a good salary, declared that now he had no money. He told the court he took his salary home and gave it to his wife, Irene C. McDonald, with which to pay bills. She was in court to obtain the custody of her child. Judge Myers decided to leave the child in the custody of a third person, but gave both parents the right to visit their offspring. Charges were made on both sides and denied.

Continental Oil and Refining Company

The Well now drilling on the sand in Block 88, Texas N.W. extension Burk Burnett field expected to be in within the NEXT 48 HOURS.

We are advised that this well is now gassing badly and shooting oil and gas, and showing indications of being a large producer.

This well is within 900 feet of the Gray Gander 2500-barrel well; within 1000 feet of the American Refining Company's 2200-barrel well; within 2000 feet of the Texas City 8500-barrel well; within 7800 feet of the Golden Cycle 3500-barrel well; within 3650 feet of the Thrift Oil & Gas Company's 2000-barrel well and within 2600 feet of the famous Burk-Wagoner 4500-barrel well.

We are also advised that the Company expects to increase the dividend upon the bringing in of the third well.

We are advised to the effect that announcement will be made public within a few days of the exact locations for five more wells to be drilled.

We are further advised that the Company is negotiating for valuable leases in Burk Burnett Extension and Desdemona Fields.

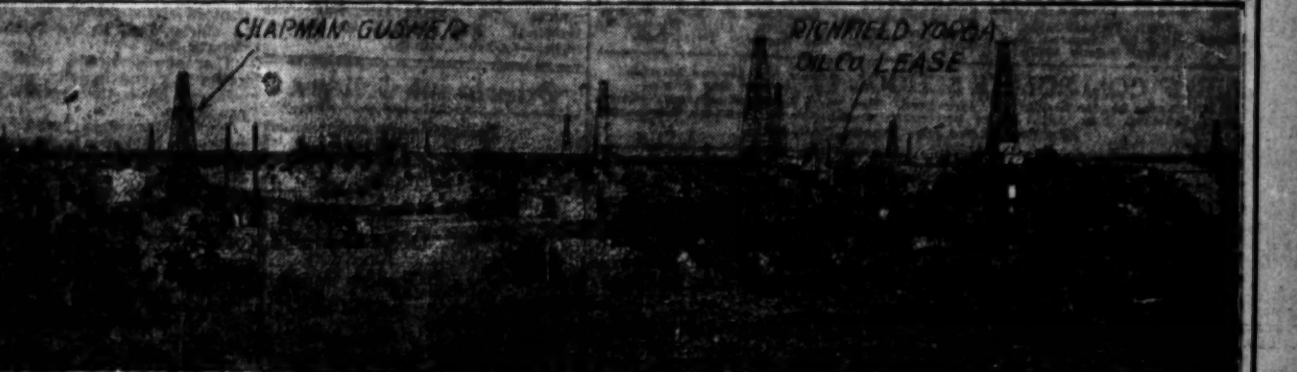

Since we started selling Continental, this Company has brought in two additional wells, and the financial condition of the Company has been greatly improved and earnings have materially increased.

We believe Continental Oil & Refining Company a very attractive buy at the present price of \$1.50 per share, and recommend reservations to be sent in at once as we anticipate higher prices will prevail ultimately.

A GREAT NEW OIL FIELD IN SOUTHERN CALIFORNIA

The above cut was made from a photograph taken near the Chapman gusher, which is shown in the left foreground, looking toward the Richfield-Yorba property. Note in distance the Richfield-Yorba Oil Co. lease. Oil has already been struck on every side of this company's lease. Five months ago one well was prospecting this field. Today about forty wells are drilling.

50c Per Share

FAMOUS GUSHER FIELD
On March 11th, 1919, the Union Oil Company brought in the famous Chapman Gusher. The output of this well has steadily increased and at the present time stands at approximately 2,000,000 feet of gas and 4790 barrels of oil daily. At the present writing, the largest oil corporations are sinking about forty wells in this new field.

Here is An Opportunity Worthy of Your Consideration
The RICHFIELD-YORBA OIL CO. is the only company at the present time offering the investor an opportunity in California's new oil field. They have secured a 23-acre lease in the heart of this new field. In addition to our original 23-acre holding, the Richfield Yorba Oil Co. has just secured a lease on a 31-acre tract adjoining. Their lease is surrounded by oil-producing territory. Oil corporations are paying enormous bonuses on every side of them. So large, in fact, that drilling is prohibitive except by those companies of extensive means.

Over one hundred thousand shares of 50 cent stock has already been disposed of, giving us the bulk of the necessary capital for drilling No. 1 well. THE RICHFIELD-YORBA OIL COMPANY HAVE REQUESTED US TO ANNOUNCE THAT LESS THAN TEN THOUSAND SHARES OF FIFTY CENT STOCK ARE LEFT FOR THE MARKET. THERE WILL POSITIVELY BE NO MORE FIFTY CENT SHARES OFFERED BY THIS COMPANY AFTER THESE HAVE BEEN SUBSCRIBED.

JUSTIFICATION FOR RAISE OF RICHFIELD YORBA OIL COMPANY'S STOCK.
Four good reasons authorizing an immediate raise of value of Richfield Yorba Oil Company's stock.

FIRST: The Richfield Yorba Oil Company have fortunately secured an additional valuable lease of thirty-one and one-half acres adjoining their original twenty-three acres, making a total of fifty-four and one-half acres. This additional acreage has very much enhanced the value of this company's holdings.

SECOND: Development proceeding very rapidly around us; twelve new derricks up around the Richfield Yorba Oil Company lease.

THIRD: Drillers contracted to drill for stock at par one dollar per share in lieu of wages. This means that stock must be at par when drilling starts.

FOURTH: Three new wells coming in at once, all working under high pressure in oil sand.

AUGUST 27, 1919.

RAIL MEN QUIT IN NORTH IN AID OF MOVEMENT TO ISOLATE LOS ANGELES

May Vote Today on National Strike

WILSON'S WAGE DECISION FAILS TO MEET DEMAND

Committee of Railroad Men Reject the Increase Offered and Send the Issue Back to Locals.

(BY A. P. NIGHT WIRE.)
WASHINGTON, Aug. 26.—The committee of 100 representing the railroad shophmen informed Director-General Hines that they could not accept as a basis of settlement of their rates submitted to them yesterday by President Wilson.

The results of the negotiations here were communicated to the committee throughout the country with instructions that a strike should be taken immediately to determine whether the proposals should be accepted.

The issuance of a statement on the result of an official vote, it was urged, requested by international officers, all men should remain on the job.

"In view of the foregoing facts, the statements contained in the President's letter and the responsibility that must be assumed, if a suspension of work is to take place, your executive council has decided that it would fail in its duty were it to authorize a strike until the membership have had an opportunity to decide their course of action on this proposition. It is not our intention to shirk any of our responsibilities as executive officers and the wishes of a constitutional majority of the membership, expressed by their vote as hereinafter directed, will be carried out."

The letter then gives instructions for an immediate meeting of the members of the various locals to take a strike vote. It was pointed out that owing to the large numbers involved, it must be understood that the respective international organizations would not be obliged to pay regular strike benefits beyond the limits of the funds available for that purpose.

Director-General Hines today requested the board of railway wages and working conditions to take up promptly any claims that have been made or may be made by railroad men.

(Continued on Sixth Page.)

RAIL LOSSES \$1,500,000 A DAY.

(EXCLUSIVE DISPATCH.)
NEW YORK, Aug. 26.—Reports obtained from twenty States indicate that the commonwealths some 300,000 persons are on strike.

The chief reason for present strikes is the demand for higher wages to meet the price of necessities. An extremely serious aspect of the situation is found in strikes threatened against basic industries. Rumors are circulated that within a comparatively short time there will be walkouts in the iron and steel, building and shipbuilding industries.

Industrial unrest seems strongest in this city and Chicago. In the latter city it is estimated that 150,000 persons are out.

WASHINGTON, Aug. 26.—Railroad shophmen throughout the United States will begin voting tomorrow on whether to accept the wage proposals made yesterday by President Wilson and Director-General Hines or go out on strike to enforce their demands for a general advance in

the outcome of the balloting hinges industrial peace or government-controlled railroads. If the 500,000 men decide to accede to President Wilson's decision, there shall be no general wage advances until the government shows what can be done to control the rising cost of living. In the present instance, however, it is believed that the vote may be completed earlier. Instructions were given to the international officers to the unions to summon a vote and to telegraph the result of the

"I Just Told 'Em to Go to Hell."

Capt. Leonard Matlack, U.S.A.

CHIEFS CAN'T CONTROL RAIL MEN.

BY ROBERT B. ARMSTRONG.

(EXCLUSIVE DISPATCH.)

WASHINGTON, Aug. 26.—The rank and file of the railroad brotherhood men, as well as the trainmen and shophmen, are now beyond the control of their leaders. This is the consensus of opinion here tonight on the eve of the shophmen's balloting on a new strike following President Wilson's rejection of their demands.

The failure of the union organization leaders to hold their men in line in the Los Angeles strike is taken as an indication of radicalism. The Los Angeles strike is not regarded as sporadic, but rather a distinct sign of the advances of Bolshevism in union labor's ranks.

No one doubts but that the shophmen's vote will result in a unanimous demand for a walkout. Those who have been watching the growth of radicalism predict that before the vote is counted the men will be out. They have ceased to recognize any law, even the laws of their own organizations.

If all the shophmen strike trains can be operated only for seventy-two hours. By that time, much of the equipment will have to be laid aside until at least part of the men return to work. Bad-order cars now amount to 5 per cent. of all in service. Locomotives are in good shape, with a large supply of stored ones in reserve, all in good order.

Samuel Gompers, president of the American Federation of Labor, who returned from abroad today, is expected to take charge of the situation here tomorrow. Not only will he direct the effort of the shophmen to force an increase above that allowed by the President, but he also will have charge of the efforts of the trainmen to get increased wages.

It is believed here by men most familiar with the labor situation—men who have been through the Adamson law fight and other skirmishes since then—that the shophmen and the trainmen will strike, regardless of the attitude of the more conservative leaders.

The date selected as most likely to bring success to a railroad strike of general proportions is about the middle of October, when the coal movement is at its height.

CARRANZA OUTPOSTS BLOCKED HOT TRAIL.

CAPT. MATLACK AND HIS TROOP PREVENTED FROM CAPTURING RENTERIA'S GANG.

(BY A. P. NIGHT WIRE.)
CANDLARIA (Tex.) Aug. 26.—Another member of Jesus Renteria's gang which the Americans located in the Northwest Pecos Mountains was Lucardo Coloncha, who was pursued by Capt. Leonard Matlack's troops until his horse dropped dead. The bandit then escaped on a mule. It was learned here today.

Capt. Matlack made a full report to Col. George T. Langhorne of the events leading up to and during the expedition. He told how he outwitted the bandits by escaping from their ambush to kill him, rescuing Lieut. Paul H. Davis and saving \$4500 of the ransom money.

He also made an official report stating that a Carranza outpost in a pass near Coyame stopped the pursuit of two of the bandits, Slim Olvera and Jose Sanchez. He said he feared there would be a clash with the Carranza patrol if the Americans continued on the trail. They decided to return to the border after a conference as the only hot trail was blocked.

Renteria is said to have quarried with the bandits over division of the money at San Antonio Viejo, opposite here. The bandits are said to have drawn guns and ridden off fighting. Lieut. E. W. Cooper and Frank Estel are given credit for killing Renteria with machine gun bullets from an airplane.

EXPEDITION OFFICIALLY ENDS.

(BY A. P. NIGHT WIRE.)
MARFA (Tex.) Aug. 26.—The punitive expedition into Mexico in pursuit of Jesus Renteria's band of bandits who held Lieut. Harold G. Peterson and Lieut. Paul H. Davis for ransom, officially ended today when Peterson and Davis left for Fort Bliss aviation headquarters.

Peterson and Davis are temporary officers and will be discharged September 30.

The only man on the hospital list as a result of the expedition was Capt. Matlack's stable sergeant, who is suffering from a nervous breakdown caused by hard riding and exposure.

SAN FRANCISCO UNIONS LEAVE WITHOUT ORDERS; ALL TRAINS ARE STOPPED

(BY A. P. NIGHT WIRE.)

SAN FRANCISCO, Aug. 26.—Plans to tie up rail transportation throughout California south of San Francisco and for a considerable distance inland were made tonight by yard employees who quit work in every local yard suddenly late today in sympathy with union railroad men on strike at Los Angeles, but without orders from union officers.

The men, at a meeting which local union officers did not attend, named a committee to take steps towards extending the strike to neighboring railroad divisions east and south of here, individual strikers said.

UNIONS TURN BACK WORKERS SENT TO AID SOUTHLAND

(BY A. P. NIGHT WIRE.)

LAS VEGAS (Nev.) Aug. 26.—Seventy-two strike-breakers, on their way to Southern California to take the place of switchmen and yardmen who walked out there, and who have been gathered from every westbound train since Saturday, returned to Salt Lake City tonight. The majority of the passengers, however, started for Los Angeles in automobiles.

Train No. 1, bound for Los Angeles, was tied up here today. Gov. Larrasolu of New Mexico, who was a passenger, as well as several other passengers, returned to Salt Lake City tonight. The majority of the passengers, however, started for Los Angeles in automobiles.

YUMA (Ariz.) Aug. 26.—The striking railroad men here, thirty-six in number, who went out in sympathy with the strike in California, went back to work tonight on the understanding they were to handle only eastbound trains and not trains bound west for California points.

BULLETIN.

TOPEKA (Kan.) Aug. 26.—Orders were posted by the Atchison, Topeka and Santa Fe Railroad here tonight directing that the sale of tickets to points beyond Needles, Cal., on the Santa Fe; Tucson, Ariz., on the Southern Pacific, and Santa Barbara, Cal., on the Southern Pacific, be temporarily discontinued.

The Lark, the Southern Pacific night train for Los Angeles on the Coast route, and the Portland, Bakersfield, Reno and Tonopah trains were among those annulled.

W. R. Scott, San Francisco manager for the United States Railroad Administration, issued the following statement tonight:

"I confess to a feeling of absolute uncertainty as to what we can do. Fresno's yard crews, switchmen and the engineers and firemen on switch engines were out at 3:30 p.m. Forty-five minutes later San Francisco's yard crews and men struck."

The men did not leave any trains standing on open tracks, but walked off while the cars were on sidings or put their engines in the round-houses.

Mr. Dyer admitted last night that railroad officials in San Francisco and Los Angeles were unable to restore normal conditions on the three steam roads operating out of this city. He declared that the issue can only be settled in conference between the strikers and the railroad officials.

(Continued on Seventh Page.)

OSBORNE APPEALS TO PRESIDENT.

(EXCLUSIVE DISPATCH.)

WASHINGTON, Aug. 26.—President Wilson will tomorrow receive first-hand information of the details of the Los Angeles strike situation. Congressman Osborne has an appointment to present the facts of sabotage and destruction practiced by the employees of the steam lines in order to force the management of the Pacific Electric to surrender to the striking employees of that line, which is not and cannot be placed under Federal control. Congressman Osborne will tell the President of his own knowledge of conditions before he left Los Angeles and will read him several telegrams outlining developments since he started East. From the Chamber of Commerce and from other civic bodies Congressman Osborne and Senators Phelan and Johnson have received the fullest details of loss due to the rotting of perishable fruits and vegetables and the death of live stock due to neglect brought about by the unauthorized and unannounced sympathetic strike of the men on the steam roads in Los Angeles.

Director-General Hines during the day was given evidence that the employees of the steam lines had so far ignored the orders of the Federal government and had defiantly refused to obey the instruction of the brotherhood chiefs demanding that the men on strike return to their jobs and end the traffic blockade. He held several conferences with the division directors of operation and labor and also conferred over the telephone with the brotherhood general officers. Telegrams were sent to Regional Director Hale Holden at Chicago in response to reports and a brisk telegraphic correspondence between the director-general and District Director Sproule was still in progress late this evening. Unless there is an immediate change in the grave situation in Los Angeles the administration is ready to resort to drastic action to move the mails. This will be especially true if the trouble spreads to San Francisco and other points in California and the Southwest.

If the mails do not move speedily it is predicted here that the administration will follow the precedent established by President Cleveland in 1894, when he moved the mails with the assistance of regulars. From authentic sources in the administration tonight it was said that the men had about time enough to get into line and while the situation seemed more promising, it would have to improve much faster than it had to prevent some much more radical step than had already been taken.

Hitchcock Predicts Senate Will Indorse League Without Changes.

SAYS TREATY IS TO BE RATIFIED.

Hitchcock Confident in an Ultimate Victory.

Sure that Shantung Amendment will be Defeated.

Committee Shears America of Commission Rights.

(BY A. P. NIGHT WIRE)

WASHINGTON, Aug. 26.—Ratification of the peace treaty some time during September, defeat of the proposed Shantung amendment with the aid of at least twelve Republican votes against it and voting down of the amendment to the treaty that might cause it to be sent back for renegotiation were predicted today by Senator Hitchcock, Nebraska, senior minority member of the Foreign Relations Committee, after a conference with President Wilson.

"We are satisfied that the Shantung amendment will be very substantially beaten," said the senator.

"There will be at least a dozen votes against the Shantung amendment," he said.

Senator McCumber today put the nail in its coffin.

The Nebraska senator said he himself that the proposed trip of the President to the Pacific Coast seemed more advisable now than heretofore.

He said, however, that the President did not disclose his plans with regard to the tour.

COMMISSIONS CUT OFF.

Under a blanket amendment to the peace treaty, agreed to today by the Senate Foreign Relations Committee, American representation would be eliminated from the various international commissions which are to supervise European reconstruction with the exception of the reparations commission and such others as are to be appointed by the League of Nations.

The change would affect about a score of commissions and would change the language of the treaty in more than fifty places.

The committee divided along strict party lines. Although the committee acted specifically on only four of the treaty provisions in question, there was an agreement that the votes on these separate provisions will be only perfunctory.

The change has no effect on provisions like that regarding the Saar Basin, for which the commission is to be appointed by the league.

One of the amendments to the

RUSH TREATY RATIFICATION, WILSON URGES FRANCE, ITALY

(BY CABLE-EXCLUSIVE DISPATCH.)

PARIS, Aug. 26.—Fearful of growing opposition towards the peace treaty, President Wilson has appealed to France and Italy to rush ratification. This report is circulating in select diplomatic circles now.

For two or three days the trans-Atlantic cables will be officially monopolized, according to statements from Paris cable offices.

The reason assigned was "for diplomatic business."

In high official quarters it was rumored this was to enable President Wilson to keep in close touch with the receipt of the treaty in the French chamber.

Premier Clemenceau is scheduled to read the treaty to the Deputies. The debate is expected to consume several days.

President Wilson is said to be intensely interested in the course the debate will take. He wants to know what effect the campaign against the treaty and League of Nations will have upon what is said to be opposition to certain provisions.

It also is said the President is having Italy urged to hasten ratification of the treaty so it will have the indorsement of three of the big five.

(Copyright, 1919, by the Tribune Company.)

then proceeded with the usual leisure to lay out dates for further hearings, which will conclude in a week or more. The purpose is apparent. It is to signify to the country that it is to put Japan in a position which she cannot, without an appearance of being coerced, do what she has promised to do.

The amendment was one of a series of similar nature, presented by Senator Fall, New Mexico, proposing elimination of American representation on such commissions. All the Democrats voted in the negative.

Senator McCumber, Republican, North Dakota, who voted with the Democrats against the Shantung amendment, Saturday, was not present.

APPEALS TO SENATE.

Declaring the Republican majority of the Foreign Relations Committee was attempting by the Shantung amendment to the peace treaty to drive a "poisoned dagger" into the peace treaty and to place the United States in the position of a "big bully," Senator McCumber of North Dakota, the only Republican member of the committee who voted against the amendment, asked the Senate today to overrule the committee's action.

The speaker said "no greater blow could ever be struck against the peace treaty than by the Shantung amendment, the actual purpose of which, he asserted, was to kill the treaty and the League of Nations. The amendment provides that the old German rights in Shantung province shall go to China in place of Japan."

"Why did the majority of this committee pause in the midst of their hearings to make this partisan amendment," he continued, "and

CONDEMNED JINGOISM.

"They know, and we know, that this country will never go to war against Japan to prevent Japan from doing just what we have allowed every other nation to do in China without a protest from the League of Nations. China obtains an assurance which is tantamount to a guaranty to kill the treaty and the League of Nations. Japan return to China what Germany wrested from her in 1919, but henceforth and so long as this league exists, Japan shall not be permitted to exercise any control over her territory in China of one inch of her territory or exercise any control over her people in complete independence and sovereignty."

"By this amendment," continued Senator McCumber, "Japan is to be given the right to enter into a treaty with China without suffering humiliation and by securing the respect and natural pride of her people. By this amendment, a third power—whom the opponents of the league insist should never enter into the affairs of the Eastern Hemisphere, proceeds to set aside a compact entered into between nations of the League of Nations in which we would in no way be connected, and performing this act with an arrogance no white nation would submit to so long as it had a drop of blood left to shed for its national honor."

RACE PREJUDICE.

"Those who would fan the brand of race prejudice into the flame of war can only meet the clear treaty provision with the declaration that 'Japan is losing; she will not keep her treaty; therefore, we won't even give her a chance to keep it.'"

"There is but one honorable, upright and proper course to be pursued by all the great nations of the world, including China and Japan. Let China keep her treaty and the League of Nations. Let Japan bring Japan into this world league, and as sure as the sun shall rise tomorrow China will keep her treaty and the League of Nations. Let China receive complete present justice and assured future protection."

"On the other hand, if Japan out of this league by insulting her treaty, relieve her from her treaty by first making it a breach of contract, and then by her treaty and thereby installing her in her impregnable position of right of conquest, and China is doomed."

After Senator McCumber's speech, Senator Nelson suggested that the United States could not neutralize or destroy the Shantung amendment by the other powers had accepted it.

Senator Lenroot asked if such action by the Senate would not, as a matter of fact, be without effect, and Senator McCumber replied in the affirmative.

QUESTIONS JAPAN'S FAITH.

Senator Borah, Republican, Idaho, declared there was every reason to believe Japan was not acting in good faith in her promise to return Shantung to China.

Senator Borah's argument was discounted but that she had really promised nothing material.

Pointing out that President Wilson had issued a statement apparently disagreeing with Baron Uchida's understanding of the return of Shantung, Senator Borah continued:

"Already before the ink is dry upon the parchment, there is a difference of opinion upon a material matter between the President and Japanese delegates. What shall we expect in a year or five years from now?"

Senator Borah declared that Japan, through treaties agreed to protect Korea's independence, but had ignored these treaties and taken control of that country. Treatment of the Koreans since that time, he said, "has shocked the conscience of the civilized world."

The Senator read part of a report which he said was compiled in 1914 and 1915 and filed with the Japanese government by a powerful military organization urging the adoption of a policy which would bring China under domination of Japan. Shortly after this report was filed with the government, he said, Japan presented her two-point demands which reduced China to a state of "absolute serfdom."

While President Wilson is morally bound not to make public his knowledge of the secret treaty between Japan and the Allies relating to Shantung, Senator Borah said there was no moral reason why Japan should not do so and that it was her duty.

The opium convention concluded

WILSON ANSWERS MEXICAN NOTE.

Text of Message Replying to Carranza's Protest Against Punitive Expedition Withheld Until Communication Reaches Southern Capital.

(EXCLUSIVE DISPATCH.)

WASHINGTON, Aug. 26.—President Wilson, through the State Department, today dispatched this government's reply to the protest filed last week by the Mexican government in which Carranza questioned the right of American soldiers to pursue the bandits who captured and held for ransom Lieuts. Davis and Peterson.

The text of the note probably will be made public as soon as it is officially reported in the hands of the Foreign Office in Mexico City. The Carranza note is expected to be made public at the same time.

There was a report tonight that Carranza in his note set a "dead-line" below which he said the American troops were not to go. No official confirmation of the report was forthcoming, and when officials were asked if the note contained a threat of any kind they declined to comment.

It was stated, however, that the Carranza note was not a "dead-line" but a statement of fact. It is understood he said the Mexican Minister to Guatemala. It was denied some days ago that the withdrawal of Senator Rojo was in any way due to present relations between this and the Mexican government.

The association of producers of petroleum in Mexico today addressed to Secretary Lansing and delivered to the State Department a communication in regard to the defense of Mexico of the so-called confiscatory oil decrees. It says:

"The newspapers for several days have carried statements emanating principally from Mexico City intended to justify Article XXVII of the Mexican Constitution of 1917, which declares that all petroleum in the public interest belongs to the nation."

"The newspapers for several days have carried statements emanating principally from Mexico City intended to justify Article XXVII of the Mexican Constitution of 1917, which declares that all petroleum in the public interest belongs to the nation."

"Cabrera, Schaffno and the others now plant themselves upon the broad ground that in the public interest the Mexican government can confiscate the private property of Americans and other foreigners without violating international law. According to their theory, property rights such as the oil companies have acquired are subordinate to the welfare of the Mexican public and therefore can be wiped out. This

has been their real position from the beginning, though it has undergone mild disguise from time to time. They started out by citing American law on the subject but it was shown that American law is not retroactive. They then cited the French authority, Francois Laurent. He is quoted as follows:

"Laws have retroactive effect when public interests are at stake." The actual statement by Laurent (Droit Civil, Vol. 1, chapter IV, Sec. 31) is: "It is commonly agreed that laws have retroactive effect when general interest so demands because no right may be acquired against public interest. According to our view this is too

absolute. If private parties may invoke against the application of a retroactive law, only their interest is impaired by that retroactive effect, the impaired interest should cede before general interest. But when private parties have a right impaired by law the court may not in the name of general interest deprive them of their rights as citizens. The maintenance of rights is the greatest of all interests."

"No again! It transpires that the authority relied on is squarely opposed to their theory."

"They have dropped the expostulation that the constitution and laws are not retroactive. They now admit that they distinctly are, and the sole and only authority cited to prove that such things may be done is the public interest. They have proved to be plainly against their contention. On such a base is built up their justification of spoliation."

"The arguments contained in the communication were weighed by the State Department and the decision of this government announced in the note to Mexico of April 2, 1918. The same conclusion was reached by the governments of France, England and Holland."

MEXICAN BANDITS ROB OIL MEN.

(EXCLUSIVE DISPATCH.)

WASHINGTON, Aug. 26.—Details of the attempt of Mexicans to hold up and rob Joseph Guffey of New York, president of the Agri Oil Company, and the robbing of other oil men in the Tampico region, were received in mail addresses today.

With Mr. Guffey in the boat on an expedition of inspection of properties in the lower oil fields were Mordelo Vincent, manager of the company; M. F. Null and F. B. Van Horn. Two other boatloads of passengers and a grocery supply boat followed and the rear was guarded by a launch under command of Chief Engineer Reddison. The report says:

"When about two miles down the canal, Mr. Guffey, who was in charge of the first boat and on the bridge at the time, saw moving objects ahead on the starboard side. Suspecting that they were robbers he ordered full steam ahead and passed the robbers. The robbers were masked and thoroughly armed."

The Federal troops were notified and made a futile attempt to catch the robbers. The oil men were not armed, as it is unlawful for any person except Carranza soldiers to carry arms.

DICKMAN DENIES REPORT.

(BY A. P. NIGHT WIRE.)

SAN ANTONIO (Tex.) Aug. 26.—

CHICAGO MINISTERS MAY REJECT PHONE COMPROMISE OFFER.

(BY A. P. DAY WIRE.)

SAN FRANCISCO, Aug. 26.—Announcement that the compromise offer which ended the recent telephone strike on the Pacific Coast would be rejected as the result of a referendum vote of the unions involved was made by Miss Nellie Johnson of Portland, international vice-president of the operators, today.

Canvassing of the vote taken in California, Oregon, Washington, Nevada and Idaho, was progressing here today.

The rejection does not necessarily mean a strike, according to R. E. Swain, president of the Pacific Telephone and Telegraph company, and a member of the electrical brotherhood. Negotiations will be reopened with the telephone company and if these prove unsatisfactory a strike vote will be taken.

CHICAGO, Aug. 26.—Attempts to commit United ministers of Chicago to a policy of indorsement of the Carranza administration in Mexico and non-intervention under any circumstances on the part of the United States met with failure at a stormy session of the Chicago Church Federation at the Y.M.C.A. auditorium yesterday.

Resolutions of every means for the re-establishing of law and order in Mexico before armed intervention is undertaken.

A religious resolutions, introduced by the Rev. Perry J. Rice of the city missions board of the Christian church, asserted that certain interests and individuals are inflaming the public mind to bring about intervention, and that the agencies of the Carranza government in Mexico; unopposed the intentions of Senator Fall of New Mexico, to demand intervention; expressed confidence in both the purpose and ability of the Carranza government to control the Mexican situation, asserting that great progress had been made, approved a program for policing the border, and said that the missionary enterprises of the United States, making great headway, a Mexico helping to restore order and law, would be wiped out the moment intervention came.

As soon as the resolutions were read nearly a score of men jumped to their feet to speak both in favor of and against them.

"We are told that tremendous amounts of money are being used in the interest of every means for the re-establishing of law and order in Mexico before armed intervention is undertaken."

George Brock of Los Angeles, head of the organization, will preside at the meetings of the national convention.

NO ENGRAVING ON WEDDING RINGS.

(BY A. P. NIGHT WIRE.)

CHICAGO, Aug. 26.—The time honored custom of engraving wedding rings, watches and other articles of jewelry free of charge was abolished today by the National Retail Jewelers' Association. High wages of engravers and a scarcity of help were given as reasons.

The best advertisement any merchant can have is a satisfied customer. No greater recommendation can be given an article than the following by E. B. MEXICANS FIND LOST AVIATORS.

Locate Border Patrol Flyers in Ojos Negros District.

Authentic Message is Brought by Federal Soldier.

Officers are in Land Where Food is Plentiful.

(BY A. P. NIGHT WIRE.)

EL CENTRO, Aug. 26.—Mexican cavalry under the command of Capt. Trujillo late today were reported to be scouting to the international boundary Lieuts. Frederick Waterhouse and Cecil H. Connelly, American aviators who have been missing from Rockwell Field for six days.

Capt. Trujillo reported by courier to Col. Hilpito Baranca, chief of the military forces of Lower California, who has directed a search for the men for the past five days, that he had found them alive between Valle de la Trinidad and Ojos Negros in Lower California, about 200 miles southeast of San Diego, Cal.

With the exception of the brief message from Capt. Trujillo, no further word had been received.

It is expected that the men will be brought to Ensenada, the capital of Lower California, to Mexico, from where they will be taken into the United States.

Col. Baranca dispatched a courier to the command of the search, he expected another courier from Capt. Trujillo's forces would arrive some tonight.

Col. Baranca placed full credence in the report.

The locality named is an inaccessible country without roads or facilities for communication. It was said here that part of the distance could be made by automobile, and that it might be possible to get further details before night, or that a second courier with more complete facts might be on the way out.

IN DESOLATE LAND.

The message said nothing of finding the plane used by the two aviators. It was thought possible, from the description of the locality, that they had been working from the place where they alighted, northward toward the border.

The Ojos Negros and Valle de la Trinidad country lies between the Laguna Haquata or Laguna Salada and the Laguna Lululu, about thirty miles south of the international line, on the east side of the Carranza peninsula of Lower California. It is far south of the only telegraph line in Lower California.

The country is said to be adaptable to cattle raising, and persons familiar with it said that the aviators ought to be in no need of either water or sufficient food to sustain strength.

They also said that first estimates of the distance were not accurate, and that the trip from Ensenada, the nearest point, was one that would require several hours. From here, the distance by road to the point where the men were found is about 300 miles. From the west side of the peninsula, at the border, it is about 200 miles.

MISSING SIX DAYS.

(BY A. P. NIGHT WIRE.)

SAN DIEGO, Aug. 26.—Second Lieutenants Waterhouse and Connelly of San Diego, were on border patrol duty when they were last seen near Jacumba, four miles west of the Imperial county line at 4 o'clock Wednesday afternoon, August 20. They had started from

WIRE STRIKERS BLAME FAILURE ON BUREAU.

(EXCLUSIVE DISPATCH.)

CHICAGO, Aug. 26.—The telephone operators from fifty cities caused reorganization plans for annual meeting in the Western Union telegraph company.

Set forward three weeks ago, a successor to S. J. Kinsman, laid down the president of the Commercial Telegraphers' Union of America following the failure of recent strikes.

Five candidates are in the race for Kinsman's position. S. J. Kinsman, former president of the Western Union, is one of the candidates. F. J. Kinsman, former president of the Western Union, is another candidate. F. J. Kinsman, former president of the Western Union, is another candidate.

BILL IS FATAL
TO ORDINANCE.

Maj.-Gen. Williams Condemns
Plan of Baker.

Says it will Seriously Impair
Army Efficiency.

Will Nullify Whole Prepared-
ness Programme.

EXCLUSIVE DISPATCH.

WASHINGTON, Aug. 26.—

Secretary of War Baker's army
reorganization bill will "seriously im-
pair the efficiency of the army and
virtually nullify the whole pre-
paredness program."

This blunt statement was made
to the Senate military affairs com-
mittee today by Maj.-Gen. C. O.
Williams, chief of ordinance.

The general argued that the bill
destroyed the ordinance department
despite the lesson of the war, "that
the controlling factor in the entire
military effort is the munitions pro-
gram."

The committee was somewhat
surprised at the outspoken declara-
tion of the chief of ordinance. It
became apparent after the hearing
that the committee is not prepared
to accept the bill in its present
form. Radical amendments must
be made, members declared. Gen.
Williams said:

THE OLD IDEA.

"In the years immediately pre-
ceding our entrance into the world
war 'preparedness' meant a small
increase in the regular army, stim-
ulation of interest in the national
guard, summer training camps for
business men and college boys, etc.,
etc. In all talk of preparedness
a wholly unimportant detail of the
deal of good in preparing the pub-
lic mind for the tasks the country
must assume in the event of the
declaration of war we find almost
no mention whatsoever of the need
for preparedness from an industrial
standpoint."

"Apparently it was assumed that
the only requisite of successful mil-
itary preparation was the training of
our youth in the use of arms and
combat, without taking into account
the fact that before arms can be
used they have to be manufactured.
It has been stated to the committee
by high authorities that fairly good
officers and soldiers can be pro-
duced in training periods of from
three to six months."

TIME IS NECESSARY.

"The painful experiences of En-
gland, France and the United States
have brought home to us the fact
that such limited period of time is
hardly sufficient for commencing the
production of even the simplest of
the munitions of war. Materials such
as field artillery of all kinds, ar-
tillery ammunition, tanks, tractors,
etc., require a much longer period.
In fact the war has established be-
yond the slightest reasonable doubt
that the controlling factor in the en-
tire military effort is the munition
programme."

"Yet, in the face of the plain les-
son of our most recent experience
—that the munition programme is
the critical and controlling factor

HONOLULU JAPS
ORGANIZE UNION.

Men Want Six-Hour Day,
Five-Day Week, More Pay.

Witnesses Blame Car Shortage
for Small Production.

Committee Intimates will Ask
Hines Into Hearing.

BY A. F. NIGHT WIRE.

HONOLULU, Aug. 26.—One
hundred and fifty Japanese,
representing 700 carpenters,
painters and masons, have or-
ganized a union here. They
have announced that after Oc-
tober 1 they will only work
eight hours daily and will de-
mand time and a half pay
for overtime.

In the whole preparedness pro-
gramme—this bill, which apparently
provides the ordinance department
with 400 officers, will, due to the
operation of Section XXXI, actually
provide but fifty-one officers with
any ordinance experience."

STATE COMMISSION
TAKEN FROM VESSEL.

PENNSYLVANIA OFFICIALS ARE
HELD, STATE DEPARTMENT
DOES NOT KNOW WHY.

BY A. F. NIGHT WIRE.

NEW YORK, Aug. 26.—James H.
Maurer of Reading, Pa., chairman,
and A. Epstein of Harrisburg, direc-
tors of the Pennsylvania Old Age
Pension Commission, announced to-
night that agents of the custom-
house intelligence department had
taken them off the steamship Lap-
land three minutes before it sailed
for Europe today. No reason was
offered for the action, they said, ex-
cept that the agents "were acting
on orders from the State Depart-
ment."

Messrs. Maurer and Epstein stated
that they were making the trip on
instructions from the Pennsylvania
Legislature to study old age pension
systems in Europe and that they
bore a letter of indorsement from
Gov. Sproul and letters of introduc-
tion to Premier Lloyd George of
England, President Poincare and
former Premier Leon Bourgeois of
France, as well as passports prop-
erly made out and used by British
consular officials.

Mr. Maurer left for Washington
tonight declaring he would demand
action on the matter by the Pen-
sylvania Congressional delegation.
Mr. Epstein remained here "on the
expectation that the matter will be
cleared up" in time for Mr. Maurer
and himself to sail on the steamer
Baltic, Saturday.

STATE DEPARTMENT SILENT.

WASHINGTON, Aug. 26.—Sec-
retary Lansing said tonight he had
no information as to the removal of
Chairman James A. Maurer and Di-
rector A. Epstein of the Penn-
sylvania Old Age Pension Commission,
who announced in New York to-
night that they were removed by
customhouse agents from the steam-
er Lapland today just before it
sailed for Europe. The two Penn-
sylvania officials said the agents ac-
cused them of carrying contraband
on instructions from the State
Department.

Secretary Lansing explained that
the case had not come to his notice
and that he had heard nothing of an
order to detain the two men from
sailing. Other State Department of-
ficials refused to discuss the case,
except to say that an inquiry would
be made tomorrow and an announce-
ment probably made then. From
the circumstances as told by the two
men, one department official said it
appeared that there might be some
technicality in the passports which
required straightening out.

ONE IS SOCIALIST.

BY A. F. NIGHT WIRE.

HARRISBURG (Pa.) Aug. 26.—

James H. Maurer and A. Epstein, of-
ficers of the Pennsylvania State Old
Age Pension Commission, were au-
thorized by Gov. Sproul to go to
Europe to make a study of the pen-
sion systems. The expenses were to
be paid out of a legislative appro-
priation.

Maurer is president of the Pen-
sylvania State Federation of Labor.
He is prominent in the Socialist party.
During the war, Maurer several
times came into public notice by
making radical speeches against the
war policies of the United States.

THREE MEN ARE SHOT
IN CHICAGO SALOONS.

CHICAGO, Aug. 26.—Sales of
liquor and saloon fights, in which
three men were shot, two fatally,
today aroused Federal and State of-
ficials. Since Federal agents be-
gan a drive on saloons yesterday
twenty-nine arrests have been made.
Fifteen breweries were put under in-
vestigation today by the District At-
torney's office.

Atty.-Gen. Dickman of Illinois de-
clared that nearly every saloon in
Chicago was flagrantly violating the
law.

The Law and Order League has
filed numerous complaints with the
police. Chief of Police Garrity said
he supposed about 90 per cent. of
the saloons were violating the law,
but that judges were dismissing the
cases the police brought.

EATING COLD-STORAGE
TURKEY KILLS THREE.

ALLIANCE (O.) Aug. 26.—Col.
Charles C. Weybrecht, who returned
only three weeks ago from France,
where he commanded the One Hun-
dred and Forty-sixth Infantry, died
here this morning as a result, phy-
sicians believe, of eating cold-stor-
age turkey at a dinner last Saturday
night at the Lakeside Country Club,
Canton.

Mrs. Helen Sebring Gahr, 33,
wife of William I. Gahr of Beloit,
O., also is dead, and Mr. and Mrs.
John C. Sharer, are paralyzed and
their recovery is said to be extreme-
ly doubtful.

Bob Jennings, a negro waiter at
the Lakeside Country Club, also died
this morning. The chef, W. D. Mc-
Elroy, is in a serious condition at
a hospital in Canton.

Mr. and Mrs. Louis H. Brush of
Salem, O., who also attended the
dinner party, are dangerously ill.
Mrs. Clem Bates and Mrs. Willis
P. Sanford of this city also are in a
serious condition.

ASK MINES BE
NATIONALIZED.

Men Want Six-Hour Day,
Five-Day Week, More Pay.

Witnesses Blame Car Shortage
for Small Production.

Committee Intimates will Ask
Hines Into Hearing.

BY A. F. NIGHT WIRE.

WASHINGTON, Aug. 26.—Enter-
ing on an investigation of the in-
creased price of coal, the Senate
interstate commerce sub-committee
today brought forth testimony that
a shortage of cars and labor diffi-
culties were hindering coal pro-
duction, that certain elements in the
miners' union were intent on na-
tionalization of the coal mines with
adoption of a six hour day and a
five day week plus a wage increase,
and that unless problems of pro-
duction were solved the country
would be brought face to face with
a coal famine in the coming winter.

So emphatic were the witnesses
that the railroads were at the bot-
tom of the present low production
that Senator Frelinghuysen, Repub-
lican, New Jersey, chairman of the
committee, indicated the commit-
tee's intention of bringing Director-
General of Railroads Hines into the
hearing.

SAYS BILL IS PREPARED.

After detailing the effects of labor
difficulties and alleged car shortages
on coal production, Harry M. Tay-
lor, president of the National Coal
Association, an organization of op-
erators, declared a bill had been
prepared for submission to Congress
providing for the nationalization of
the mines. He added that what
the miners wanted was not only
that the government should own
the properties but that the mines
should be turned over to them for
operation. He insisted that the
more radical of the miners appear-
ed to be gaining control in certain
districts and that there was a
serious danger that these elements
would make an earnest effort for
the institution of something ap-
proaching "soviet methods" in con-
ducting the properties.

Denying that "a combination
among bituminous coal operators to
fix prices exists, J. D. A. Morrow,
vice-president of the National Coal
Association, told a Senate coal in-
vestigating committee today that
such a combination would be im-
possible if attempted. Prices at
the mines, he said, have declined
under the competition which pre-
vails and are lower than they were
a year ago.

SHOWS COMPETITION.

"There are about 5000 separate
commercial producers operating ap-
proximately 7000 mines, from which
bituminous coal is regularly
shipped," Mr. Morrow said. "In
addition there are some 2000 op-
erators with about 2000 mines who
begin producing and selling coal
whenever the price goes up a little
over a profit to them. Moreover,
there are hundreds of thousands of
acres of coal lands which are ready
and quickly opened by any one so
disposed. Such a condition obvi-
ously does not lend itself to restrictive
combinations among producers."

Mr. Morrow said bituminous coal
prices had declined since the
armistice, and in general were low-
er than the prices fixed by the Fuel
Administration.

RUSS SOVIET STIRS
AMERICAN RACE RIOT.

DEPARTMENT OF JUSTICE VER-
IFIES CHARGES OF ORG-
ANIZED PROPAGANDA.

WASHINGTON, Aug. 26.—Rus-
sian soviet interests apparently are
supplying funds for a propaganda
to stir up race antagonisms in the
United States, according to infor-
mation now in the hands of the De-
partment of Justice.

Officials of the department said
today that charges of an organ-
ized propaganda made in the House
yesterday by Representative Byrnes,
Democrat, South Carolina, seemed
to be well founded. Newspapers,
they said, were springing up over
the country to spread the propa-
ganda and sow discord among the ne-
groes.

Facts thus far led officials to be-
lieve that I.W.W. and soviet in-
fluence were at the bottom of the
recent race riots in Washington and
Chicago.

PAPERS SHOW AUSTRIA
GAVE BELA KUN ARMS.

BY A. F. NIGHT WIRE.

BASLE, Aug. 26.—Rumanian
military authorities have discovered
in the archives of the Hungarian
Foreign Ministry a telegram from
Otto Bauer, former Austrian State
Secretary, entrusted with the man-
agement of the State Bureau of
Foreign Affairs to Bela Kun, former
head of the Hungarian communist
government, asking him to destroy
all documents relating to the de-
livery of arms by Austria to Hun-
gary, according to a Budapest dis-
patch received here.

OH Workers Wreck Texas Cafes.

RANGER (Tex.) Aug. 26.—Two
large cafes and a clothing store
owned by foreigners were wrecked
in Deadmons, Tex., late last night
by a mob of infuriated oil workers
after a man, alleged to have been
intoxicated, had been ejected from
one of the cafes, according to be-
lated reports received here tonight.
The damage will reach several
thousand dollars. No one was hurt.

SNOW IN NEW YORK STATE.

HORNELL (N. Y.) Aug. 26.—Al-
though the sun was shining, snow
fell for five minutes today, melting
as rapidly as it struck the ground.

RELATIVES IDENTIFY
VICTIM OF ACCIDENT.

MAN WHO FELL FROM CLIFF AT
PORTUGUESE POINT IS
J. W. MOESSER.

REDONDO BEACH, Aug. 26.—The
body of a man discovered dead at
the bottom of a sharp cliff at
Portuguese Point near here yester-
day has been identified as James
William Moesser, of Los Angeles.
N. S. Moesser, of Los Angeles, and

George W. Page, of Sawtelle, broth-
er and brother-in-law of the dead
man, arrived here this afternoon and
claimed the body.

Moesser was found yesterday by
Constable J. V. Henry. Circum-
stances surrounding the discovery
led the officers for a time to fear
the man had been the victim of foul
play. Later this theory was dis-
carded and it is now supposed that
his condition had become weakened
because of lack of food and that he
fell accidentally.

Relatives say that the dead man
was not of sound mind and that he
wandered away from home August
16, since which time nothing has
been known as to his whereabouts.

H. C. L.—and clothes

THE high cost of living, as
it is affected by clothes, is
not so much in the price you
pay as in the clothes.

If they don't wear well; don't
give you good service; they're
expensive clothes at any price.
You can reduce the H. C. L. by
being very particular what you
get for what you spend.

Get all-wool fabrics and high-
class tailoring; nothing else
wears so well. Get good styles;
good appearance is economy.
You'll get all these if you find
our label.

Hart Schaffner & Marx

You'll save by coming here;
Hart Schaffner & Marx clothes
are so good they wear longer.

Broadway at Sixth

Emergency
Service

For Motor Trucks

In the present transportation difficulty,
we will maintain continuous repair depart-
ment service, covering twenty-four hours
each day, if necessary.

This is done to relieve, primarily, the suf-
ferings of innocent children and invalids by
maintaining a continuous supply of milk
and other necessities; and to permit us to
pay on the payroll as many of our men
as our manufacturing departments as is
possible during the time when our factory
is closed awaiting receipt of material, and
return to normal conditions.

This repair department service is avail-
able to all truck owners, regardless of make
or model, operated, with a guarantee of
prompt delivery of repair jobs within the
limits of good workmanship.

However, motor trucks used for convey-
ing mail, foodstuffs and perishables will be
repaired out first.

The Moreland stock of service parts in-
cludes over \$500,000, and includes com-
plete lines of Continental and Waukesha
parts, Timken axles and bearings and
other standard units.

Moreland Motor Truck Co.

Factory and Salesrooms,
N. Main St., Los Angeles, Calif.

Phone 50427; East 482.

WEDNESDAY MORNING.

RAIL BLOCKADE IS BROKEN.
Government Authorizes Use of Autos to Limit; Fast Services Started.

THE use of automobiles to break the rail blockade was authorized by the War Department today. The first of the new fast services started today. The use of automobiles to break the rail blockade was authorized by the War Department today. The first of the new fast services started today.

STRIKE HAS ITS HUMOROUS SIDE.
Curious Incidents Enliven Vigil at Espee Depot.

Soldier Broke, Suddenly Gets in Opulent Class.

Hotel Expenses Demanded by Woman with a Pass.

Crowds which are congregating daily at the passenger stations of the three steam railroads and wait for trains to leave for distant points are furnishing officials of the passenger departments with knotty problems.

There is an undercurrent of pathos in most of the human documents which are being written at these clearinghouses of humanity, but the strike situation is not entirely devoid of humorous incidents.

A soldier who presented himself to Southern Pacific passenger department officials and convinced them that he is 35 per cent disabled, unquestionably heads the list for ability to adjust himself to unfavorable conditions. This man has three ill-kept, shaggy, and unkempt physical handicaps, but is far from dependent in an emergency.

Sunday night Henry Monahan, city passenger agent of the Santa Fe, found the soldier curled up on a bench in the Arcade Station, trying to snatch a few winks of sleep, but keeping an ear open for the bugle call of the stationmaster. Mr. Monahan asked him how he was fixed for cash and Mr. Soldier said he had a lone four-bits in his jeans.

IN A LITTLE GAME.

Mr. Monahan led the overseas man down to the private car park in the yards and assigned him an upper berth in a Pullman. Then he led him to the station lunchroom and squared him for whatever meals he might need. After that Monahan saw no more of the soldier for thirty-six hours.

Monday he met the soldier in the waiting-room, and he took the liberty of asking him how he was getting along. "All right," was Mr. Soldier's reply.

"Berth comfortable?" inquired Mr. Monahan.

The soldier looked rather sheepishly and answered: "To tell you the truth I don't know. I haven't slept in it yet."

"How's that?" Mr. Monahan inquired.

"Well," said the soldier, "the other night I wandered over to a Central avenue joyhouse and danced with the little four bits into a blackjack game, and I did so well that I have bunked at the Alexandria the last two nights. I'm going down to Venice in a taxi to have a look at the mermaids before I start East."

In contrast with this is the unhappy lot of a woman from the East who is on her way home with her five children. She is painfully short of funds, and the passenger department of one of the roads is giving the family first-class sleeper accommodations with hot restaurant meals on the side, and the company guests are not restricted as to the amount they may order at the lunch counter.

GIRL DOES HER BIT.

Hein Volk, night telegraph operator for the Western Union at the Southern Pacific depot, did her bit last night to comfort stranded passengers who are watchfully waiting for trains to depart. Many of them had telegraphed to friends or relatives at a distance, and were anxiously awaiting replies, but because so fatigued that they fell asleep on the benches.

When closing time rolled around Miss Volk had as many as a dozen telegrams which were ready to be taken in her hands. She climbed upon a bench in the center of the station and began calling out the names of the passengers, who within a few minutes she had delivered as many as ten comforting messages.

All three steam lines are attempting to extend relief to everyone who seems deserving of it while the strike is on and travelers are stranded along the route. Officials declare that it is hard to know the worthy from the unworthy.

Officials of the passenger departments of the roads are declaring that the climax was reached yesterday when a well-dressed woman—the wife of a railroad official in the northern part of the State—asked the company to pay for her hotel accommodations at the rate of \$7.50 per day. When the matter was simmered down it was found that she was traveling on a Western Pacific pass. Still, the officials assert, she insisted that the railroad company should pay her hotel bills because it was unable to transport her to her destination.

HAPPY AS A LARK.

Grant Oliver, a lieutenant in the army, who is on his way to New York, furnished Southern Pacific officials with the greatest example of strike spirit they have yet seen. The first day he was stranded here, Lieut. Oliver dropped round to the stationmaster's office and passed out good cigars to half a dozen officials. A few hours later he was seen buying packages of cigarettes at the news stand and distributing them to soldiers who were congregated in the waiting-room. On the following day the trainmaster observed him passing out fruit to all the children in the waiting-room—he gave away several sacks of fruit within an hour.

Happy as a lark, this fellow was Late Monday afternoon he dropped into one of the offices and the city passenger agent, who chanced to be there, asked him how his trip was holding out. With a half-ashamed look in his eyes, Lieut. Oliver smiled sadly and admitted that he was broke. So he was "squared" for his meals at the lunch room, and a soft Pullman "shakedown" was assigned to him for the remainder of his sojourn here.

WOULD LEASE WAREHOUSES.

SAN FRANCISCO, Aug. 26.—A petition to take over, under lease, a string of warehouses maintained by the Sacramento Northern Railroad was filed with the State Railroad Commission here today by the Associated Terminals Company. The transaction would make the holdings of the Sacramento Dock and Warehouse Company.

HINES APPEALS TO MEN.
Give Strike Personal Thought and Stand by Government, Urges Rail Chief.

[EXCLUSIVE DISPATCH.]

SAN FRANCISCO, Aug. 26.—Director William Spruille of the United States Railroad Administration has just received the following telegram from Director-General Walker D. Hines, with reference to the strike situation in Los Angeles and vicinity:

"To employees of railroads operated by United States Railroad Administration in Los Angeles and vicinity:

"I wish to ask every railroad employee involved in any way in the strike on the steam railroads in Los Angeles to give his personal consideration to the real facts of the situation so far as the government is concerned. I have, however, great confidence in the intelligence and fair-mindedness of the yard, train and engine employees and confidently appeal to each one to give this matter his personal consideration and give the government the support to which it is entitled on this account."

"I appreciate how easy it is, especially in these times, for misunderstandings to arise in connection with the problems of this character. I have, however, great confidence in the intelligence and fair-mindedness of the yard, train and engine employees and confidently appeal to each one to give this matter his personal consideration and give the government the support to which it is entitled on this account."

"I appreciate how easy it is, especially in these times, for misunderstandings to arise in connection with the problems of this character. MIDDLE WEST NEWS IN BRIEF.
[EXCLUSIVE DISPATCH.]

ST. LOUIS, Aug. 26.—Today 10 cents cash fare for adults with the sale of 74-cent tickets in lots of four for 30 cents and a 5-cent fare for children with the sale of 3-cent tickets in lots of five for 15 cents was asked for by the United Railways Company.

William T. (Bill) Deacon, a member of the younger social set, established a new matrimonial speed record some days ago. It was disclosed today. It took Deacon just nine days to meet Miss Grace Clark Smith of Minneapolis, court her, induce her to break an engagement with another young man and become Mrs. Deacon.

Dr. W. F. Gephart, former United States Food Administrator for St. Louis, and now vice-president of the First National Bank, said today he was not willing to serve again as head of the St. Louis Food Administration.

Col. Theodore Roosevelt will be a guest of the Milwaukee Press Club next Monday. He comes here in the interest of the American Legion.

The R. J. Schwab & Sons Furnace Company suffered a loss of \$12,000 by fire.

Two nonpartisan deputies, returned soldiers, were discharged by Socialist Sheriff Morley today on the complaint that they had fallen asleep while on duty at the Cudahy plant after having been on duty fourteen hours without a rest.

INDIANAPOLIS. [EXCLUSIVE DISPATCH.]

INDIANAPOLIS, Aug. 26.—Leading members of the Indiana State Bar Association and the Indiana Police Bar Association today paid tribute to the fine personal qualities and high professional standing of Judge Ernest R. Keith, who died Sunday.

Patrick P. Adams has been named president of the Indianapolis Democratic Association. He comes here in the interest of the American Legion.

Mr. Adams the officers are: Vice-president Paul Jones; Secretary Joseph Preston.

The session of the synod of the Lutheran church will be held at Fort Wayne, Ind., in 1921. It was decided today by the delegates attending the closing session of this year's synod in the Emmaus Lutheran church.

MINNEAPOLIS. [EXCLUSIVE DISPATCH.]

MINNEAPOLIS, Aug. 26.—Albert Dorsey, 8-year-old son of John Dorsey, was killed today when he was

hit by an automobile driven by John Olson of Hancock, Minn.

Twenty of the twenty-one men that appeared in police court today were charged with drunkenness.

Mr. and Mrs. Jens Johnson were today notified of the death of their son, Anton Jensen, who was killed in France a year ago.

Charles F. Pillsbury, consulting engineer of Minneapolis, was shot today at Fort Williams, Ont., but was not seriously wounded.

He was driving along the road in his car and some shooters having target practice missed the target.

Rev. and Mrs. J. E. Linner returned from the funeral of their son yesterday and received word that their daughter Liones had died on the meantime. Both were injured in an automobile accident Sunday.

KANSAS CITY. [EXCLUSIVE DISPATCH.]

KANSAS CITY, Aug. 26.—The government today advertised in Kansas City papers the sale of Camp Doniphan, Okla., where most of the Missouri soldiers were trained for the war with Germany.

F. C. Mohler of Ludlow, Mo., today received \$50,400 for one hundred of hogs to the Kansas City market. There were 949 hogs in the drove which brought the top price of \$52.45 per hundred.

The city engineers and firemen today made application for an increase in wages.

Emmett O'Malley has been chosen to appear before the Senate Foreign Relations Committee in the interest of the Irish "cause." He will leave for Washington tomorrow.

DRANK POISON; STILL LIVES. [EXCLUSIVE DISPATCH.]

SANTA ANA, Aug. 26.—Jacob Sirenski, aged 5, son of Mr. and Mrs. A. Sirenski of 1824 East Fourth street, is alive today despite the fact that he swallowed several mouthfuls of formaldehyde. He picked up the vial of poison from a rubbish heap and drank the contents. His screams quickly attracted his parents and by the immediate use of an emetic the lad was soon out of danger.

CHINESE GETS PENSION.
[EXCLUSIVE DISPATCH.]

VENTURA, Aug. 26.—Judge Clay Knox and others have succeeded in securing a pension for Hong See, a young Chinese boy from Ventura, who was severely wounded in battle in France. Although Hong See is permanently disabled, in receiving his discharge he did not to inform the officers, because of his poor understanding of English.

HONDURAS REVOLUTION ENDS.

SAN SALVADOR (Republic of Salvador), Monday, Aug. 25.—The revolution in Honduras has been put down, according to advices received here from official sources in that country.

PLANE FALLS AFIRE;

TWO AVIATORS KILLED.

[BY A. P. NIGHT WIRE.]

BELLEVIEW (Ill.) Aug. 26.—Second Lieutenant Floyd W. Meisner of Detroit and Chauffeur Harold Lee of St. Marys, O., were killed today when their plane fell from an altitude of 200 feet and caught fire after crashing to the ground.

The plane was piloted by Lieut. Meisner, who was instructing Lee. Both men were dead when assistance arrived. The bodies were charred severely and the machine was demolished. Witnesses said the plane had made a wide curve just before it fell.

FRUIT SHIPMENTS ARE HALTED BY THE STRIKE

[BY A. P. NIGHT WIRE.]

SACRAMENTO, Aug. 26.—Although at a late hour tonight there was no proof of rumors that Sacramento yardmen and trainmen would join the strikers, conditions by officials of the Pioneer Fruit Company that no more shipments would be made pending a settlement of the trouble.

It was said that 80 per cent of the deciduous crop has already gone forward, with 25 per cent of the table grapes, while wine grapes and vegetable shipments are just beginning. Preparations are being made for motor transport to canneries, whose forces will be increased as far as possible to permit the employment of continuous shifts.

AGNOLA ANNEXES
READVILLE PURS

[BY A. P. MIGHTY WINK]
OSTON, Aug. 26.—The Re-
purchase for 2:16 class trotter
feature event of the opening of
the Grand Circuit meeting at the
drome track, was easily won by
Mella, marking his eighth suc-
cessful victory this year. At the end
of the race, Cox was looking back
at the field. Time, 2:08 3-4.
The best race of the day was the
year-old race. Natalis was the
winner by Thomas lost the lead
through a break at the distance.
Mr. Dudley taking in 2:12 1-2
Mella won the second by a sh-

From Mr. Dudley at 2:10, the best heat by a 2-year-old over this year. In the final heat the mare was only a nose ahead of Mr. Dudley at the finish time being 2:11½.

Little King was easily the best of the lot in the American Horse Breeders' Futurity for 3-year-old pacers. He won at 2:09 1-4 and 2:08 1-2. The Irwin won over the favorite, Hopeful, in the 2:18 trot, 1:1-4, 2:12½ and 2:10 3-4.

MYSTERY CASE.

[EXCLUSIVE DISPATCH]
PASADENA, Aug. 26.—Ruth Schindler, 11-year-old daughter of A. C. Schindler, 837 North Madison avenue, was mysteriously snatched by two men in an automobile shortly before noon today and returned after a search of several hours. She was uninjured. The kidnapping is now in Ventura. Wheeler told her little brother that he had received a message that

mother was injured. However, probably was a ruse of the abductors. When the child was released this afternoon members of the family said that she had returned safely, but would give no details. The Pasadena police are now investigating the case. The abductors said to have driven a small auto in which the girl was taken away.

WHAT'S DOING TODAY.

Commercial Board holds luncheon at the Hotel City at noon.

Mayor R. Smith, guests to the Progressive Business League, 1201 1/2 Central avenue, at 3:30 p.m.

President's Day will be celebrated by the University of California at Berkeley, 1000 University hall, at 12:30 p.m.

Mayor's Fair Committee meeting at 12:30 p.m. at 107 West Main street.

Headquarters of the Progressive Business League, 1201 1/2 Central avenue, at 3:30 p.m.

City Council holds luncheon at noon in the Chamber of Commerce.

RECEIVERS DISPATCH

KANSAS CITY (Mo.) Aug. 26.—The most stringent order against "spooning" yet issued by the police department was given out last night by Scott Godley, Chief of Police. The order provides for the strict enforcement of a city ordinance which not only prohibits "spooning" but also prohibits minors of opposite sex from riding in the same motor car after 9 o'clock at night without chaperon.

The order was issued by Chief Godley on direction of the Police Commissioners, following a conference last night with the city judges and officers. The ordinance provides for the punishment of persons arrested for "spooning" but as the new order is so stringent, the police department judges can hardly refuse to punish offenders, the Police Commissioners say.

THE CITY AND ENVIRONS.

Outing of Okaloosaans.

Former residents of Okaloosa, Iowa, will hold their annual picnic on Labor Day at Sycamore Grove. Free coffee with basket luncheon. All Hawkesters welcome. To Progressive League.

Emory B. Smith, representative of Howard University, Washington, D. C., will deliver an address at the headquarters of the Progressive Business League, 1201 1/2 Central avenue, at 3:30 p.m. today.

Two State Picnics.

People from the Gulf States—Florida, Texas, Alabama, Mississippi and Louisiana—will have a picnic reunion at Sycamore Grove next Monday. The same day, Kansans of Okaloosa county will have their annual picnic reunion in Orange County Park, near the town of Orange, W.C.T.U. Outing.

The Los Angeles W.C.T.U. will have an open-air meeting, with picnic luncheon, at Santa Monica tomorrow. The affair will take the place of the regular meeting at the church. The Central W.C.T.U. will meet at Temple of Adonia, 2 o'clock Friday afternoon, when Mrs. Eliza Upham will have charge of the program.

Musical at the Parks.

Violin solos by Herbert Rose and singing by Stanley Rose are features of the musicals at Westlake Park given by Sidney Miller's Jazz Band from 7:45 to 10:15 o'clock each evening this week. At Echo Park the musicals are in charge of Peter Vargas, who gives violin solos, while soprano solos are given by Ralph Perkins as part of the program.

On Advertising.

At the luncheon-meeting of the Commercial Board of Los Angeles at the Hotel City today noon, F. W. Kellogg and E. M. Swasey will speak on newspaper advertising. The "Three M's" of Advertising—Money, Method and Measure—will be presented by Julia Payne, Flora Daniel and Edna Mae Cooper, members of the Western Stock Company at the Pacific Electric-Lake Corporation. Entertainment will be furnished by "Smiling Billy" Mason and his wife, who are appearing at the Orpheum this week. C. F. Clark will be chairman.

BRITAIN RETAINS ITS PASSPORT RESTRICTION

(BY A. FAY WILKIE.)

WASHINGTON, Aug. 26.—England alone of the great European nations has declined, for the present at least, to remove restrictions on admission of persons under foreign passports imposed during the war for the purpose of excluding political agitators and persons of doubtful loyalty and other undesirable.

This was developed today by inquiry as to why Great Britain was not included in the list of countries to which the State Department has announced passports will be granted on pre-war condition after September 15.

DOUBLE FUNERAL.

(LOCAL CORRESPONDENT.)

SANTA MONICA, Aug. 26.—Side by side in Calvary cemetery, Los Angeles, the bodies of Mr. and Mrs. Harry E. Thoman, who lived together more than forty years, will be laid to rest tomorrow. Mr. Thoman passed away yesterday in a car following the hearse that was carrying the remains of his wife to St. Clement's Catholic Church for funeral rites. Services will be held tomorrow morning for both husband and wife. Mrs. Thoman died last Friday at a Santa Monica hospital. She was 62 years old and her husband, 65.

TOOTHACHE SAVES FINE.

(EXCLUSIVE DISPATCH.)

PARADENA, Aug. 26.—Mrs. Upton Sinclair's toothache saved Upton Sinclair, the Socialist novelist, who lives here, a fine in police court today when he was arraigned on a charge of parking his auto in front of a fire hydrant.

The novelist told the court he parked his car at that spot in his hurry to get Mrs. Sinclair, who was suffering from a raging toothache, to the dentist's office as quickly as possible. Judge Dunham was sympathetic and dismissed the case.

BUSINESS BREVITIES.

(ADVERTISING.)

Although we have discontinued our ladies' ready-to-wear department, we are still featuring ladies' hostess gloves, bathing suits, handkerchiefs, Windsor ties, Ascot, wool scarfs, etc. A complete line of Fownes & Baggett gloves from Dresden and automobile wear; McCalm, Phoenix and Holeproof hostessery, all colors; handkerchiefs, plain, fancy and embroidered linens; Windsor ties, all styles and colors; wool scarfs, two shade tones, just the thing for the automobile. Prices to retail every possible. First floor, Harris & Frank, Clothing of Dependability, 443 S. Spring st.

Stout men can be pleased in our lightweight, warm-weather suits. Wearing these suits you stout can keep going cheerfully about your business the whole day long. They are serviceable—comfortable—look cool—cost less than \$24.44. Get the habit—trade with Harris & Frank, Spring street, just north of Fifth.

The Times Branch Office, 419 S. Spring st. Advertisements and subscriptions taken. Telephone Pico 100, 10091.

What wonderful progress in aviation has been made, exclaimed the young lady across the way, in the few years since Luther Burbank invented the airplane.

STRINGENT ORDERS TO END LOVING BY MOTOR

LATEST EDICT IN KANSAS CITY WAR ON SPOONERS STOPS MIXED AUTO RIDES.

(EXCLUSIVE DISPATCH.)

KANSAS CITY (Mo.) Aug. 26.—The most stringent order against "spooning" yet issued by the police department was given out last night by Scott Godley, Chief of Police. The order provides for the strict enforcement of a city ordinance which not only prohibits "spooning" but also prohibits minors of opposite sex from riding in the same motor car after 9 o'clock at night without chaperon.

The order was issued by Chief Godley on direction of the Police Commissioners, following a conference last night with the city judges and officers. The ordinance provides for the punishment of persons arrested for "spooning" but as the new order is so stringent, the police department judges can hardly refuse to punish offenders, the Police Commissioners say.

HAS WIDE SCOPE.

Text of the new order follows: "To all commanding officers: You will call the attention of your men to the appended ordinance and upon them the importance of strictly enforcing the same at this time. The purpose of this ordinance is to contribute more to the delinquency of minors than any other agency. Special attention should be called to the second section of the ordinance and officers should be directed to proceed under the same upon the actions of the minors in question have reached the stage justifying arrest as outlined in special orders issued last week relative to 'spooning.' The ordinance gives powers to the police department—a power that should be used with common sense."

CHAPERON A NECESSITY.

The first section of the ordinance referred to is as follows: "It shall be unlawful for minors of opposite sex to ride in any motor car between the hours of 9 o'clock p.m. and 6 o'clock a.m. unless such person is accompanied by a reputable person over 21 years of age or unless two or more of the occupants of such motor car are children of the same parent or parents and are of opposite sex; or unless two of such persons are married to each other; or unless such persons are at the time engaged in the performance of an errand of necessity or are returning directly home from the performance thereof."

The second section of the ordinance outlines how the police shall determine whether anyone arrested is violating the ordinance. The police are instructed not to give anyone an arrest if they are uncertain in their mind, he simply will take those arrested to their homes to verify their stories.

Anyone convicted of violating the ordinance is subject to a fine of not less than \$1, nor more than \$500.

The ordinance was passed by the City Council several years ago but has not been enforced by the police department for some time.

PRESIDENT MAY YET MAKE TRIP TO COAST.

(BY A. FAY WILKIE.)

WASHINGTON, Aug. 26.—President Wilson's proposed trip to the Pacific Coast in the interest of the peace treaty, is "more imminent than it has been in the past few weeks," in the view of administration officials.

As between going to New France or to the Philippines or reviewing the First Division in Washington and going before the country, it was said by persons close to the President that he would consider the speech-making tour of more importance.

Secretary Tumulty was expected to consider or tomorrow to discuss with the President the feasibility of making "the swing around the circle" even at the expense of being unable to greet Gen. Pershing or to review the First Division.

It is considered probable that the President will decide to leave Washington in time to review the Pacific Fleet at San Francisco, the mile-long September. The date of the fleet review has been postponed twice to coincide with the President's expected arrival in the Pacific Coast.

TOOTHACHE SAVES FINE.

(EXCLUSIVE DISPATCH.)

PARADENA, Aug. 26.—Mrs. Upton Sinclair's toothache saved Upton Sinclair, the Socialist novelist, who lives here, a fine in police court today when he was arraigned on a charge of parking his auto in front of a fire hydrant.

The novelist told the court he parked his car at that spot in his hurry to get Mrs. Sinclair, who was suffering from a raging toothache, to the dentist's office as quickly as possible. Judge Dunham was sympathetic and dismissed the case.

TOOTHACHE SAVES FINE.

(EXCLUSIVE DISPATCH.)

PARADENA, Aug. 26.—Mrs. Upton Sinclair's toothache saved Upton Sinclair, the Socialist novelist, who lives here, a fine in police court today when he was arraigned on a charge of parking his auto in front of a fire hydrant.

The novelist told the court he parked his car at that spot in his hurry to get Mrs. Sinclair, who was suffering from a raging toothache, to the dentist's office as quickly as possible. Judge Dunham was sympathetic and dismissed the case.

Resinol is healing my eczema so quickly!

You don't have to wait to know that Resinol is healing your skin trouble! The first application usually stops the itching and makes the skin look healthier. And its continued use rarely fails to clear away all traces of eruption, crusts and soreness. Doctors have prescribed Resinol for many years, and it contains nothing that could injure the tenderest skin. Sold by all druggists.

Refinement in Clothes Means Custom-tailored

Brauer is devoting all his attention to supplying the better class of clothes that new conditions and higher prices demand. These middle-weight fall fabrics are of a quality that gains instant approval and insures long wear.

Priced Reasonably at \$40 to \$80 the Suit
